

Come Join Us In Concord For A Continuing Education Class

Animal Response Training 2019

You Will Learn:

CERT Animal Response I

The purpose of this module is to teach CERT graduates emergency preparedness for animal owners, how to share that information and how to generally recognize specific animal behaviors.

CERT Animal Response II

The purpose of this module is to ensure that CERT graduates can respond safely and appropriately in emergency events involving animals.

CERT supplemental training on animals is meant to support the disaster response training that participants have already received in the *CERT Basic Training* course. In terms of disaster response, the focus of these modules will be preparation for situations involving animals that they may encounter in performing their broader CERT response functions.

Training Date:

Saturday May 11, 2019 - From 9:00am - 5:00pm
