

Contributors

The FY 2005-06 Operating Budget and 10-Year Plans would not have been possible without the encouragement and assistance of many people throughout the City of Concord. Following are the names of those who contributed their time and skill to the budget development.

Most of the people named here contributed directly to the development of the budget by providing program budget information, answering questions, fact checking, reviewing drafts, or approving the budget. Others kept computers running, or provided secretarial and administrative assistance.

The list of more than 77 contributors proves the wealth of knowledge and experience at the City of Concord. To each of you the City of Concord gives thanks. We also thank any others who may have contributed to the FY 2005-06 Operating Budget and 10-Year Plans but whose names were unknown to us.
