

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
INFR - a - Multi-Hazard (...owned by the infrastructure provider filling out this form, including a city, county, or special district)												Blue=2009 updates	
a-1	a-1	Assess the vulnerability of critical facilities <b>owned by infrastructure</b> operators subject to damage in natural disasters or security threats, including <b>fuel tanks and</b> facilities owned outside of the Bay Area that can impact service delivery within the region. <b>Note - Infrastructure</b> agencies, departments, and districts are those that operate transportation and utility facilities and networks.	EQ LS WF FL SEC		x							Public Works/Engineering	
a-2	a-2	<b>If a dam owner</b> , comply with State of California and federal requirements to assess the vulnerability of dams to damage from earthquakes, seiches, landslides, liquefaction, or security threats.	EQ LS WF FL SEC	x						x		Contra Costa Water District	The Contra Costa Water District handles this
a-3	a-3	Encourage the cooperation of utility system providers and cities, counties, and special districts, <b>and PG&amp;E</b> to develop strong and effective mitigation strategies for infrastructure systems and facilities.	EQ LS WF FL DR SEC	x								Public Works/Engineering	
a-4	a-4	Retrofit or replace critical lifeline <b>infrastructure</b> facilities and/or their backup facilities that are shown to be vulnerable to damage in natural disasters.	EQ LS WF FL		x							Public Works/Engineering	
a-5	a-5	Support and encourage efforts of <b>other</b> (lifeline <b>infrastructure</b> ) agencies as they plan for and arrange financing for seismic retrofits and other disaster mitigation strategies. (For example, a city might pass a resolution in support of a transit agency's retrofit program.)	EQ LS WF FL DR SEC	x								Public Works/Engineering	
a-6	a-6	Develop a plan for speeding the repair and functional restoration of <b>water and wastewater</b> systems through stockpiling of shoring materials, temporary pumps, surface pipelines, portable hydrants, and other supplies, such as those available through the Water <b>/Wastewater</b> Agency Response Network (WARN). <b>Communicate that plan to local governments and critical facility operators.</b>	EQ LS WF FL DR SEC	x								Public Works/Engineering CCCSD (Central Contra Costa Sanitary District)	

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
a-7	a-7	Engage in, support, and/or encourage research by others (such as USGS, universities, or Pacific Earthquake Engineering Research Center-PEER) on measures to further strengthen transportation, water, sewer, and power systems so that they are less vulnerable to damage in disasters.	EQ LS WF FL DR SEC	x								Public Works/Engineering	
a-8	a-8	Pre-position emergency power generation capacity (or have rental/lease agreements for these generators) in critical buildings of cities, counties, and special districts to maintain continuity of government and services.	EQ LS WF FL SEC		x							Community Development	
a-9	a-9	(REWORDED) Ensure that critical intersection traffic lights function following loss of power by installing battery back-ups, emergency generators, or lights powered by alternative energy sources such as solar. Proper functioning of these lights is essential for rapid evacuation, such as with hazmat releases resulting from natural disasters.	EQ LS WF FL SEC		x							Public Works/Engineering	
a-10	a-10	Develop unused or new pedestrian rights-of-way as walkways to serve as additional evacuation routes (such as fire roads in park lands).	EQ LS WF FL								x	Public Works/Engineering	will consider Regional Options as they are developed
a-11	a-11	Minimize the likelihood that power interruptions will adversely impact lifeline utility systems or critical facilities by ensuring that they have adequate back-up power.	EQ LS WF FL SEC		x							Public Works/Engineering	
a-12	a-12	Encourage replacing above ground electric and phone wires and other structures with underground facilities, and use the planning-approval process to ensure that all new phone and electrical utility lines are installed underground.	EQ LS WF FL SEC		x							Public Works/Engineering	

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Funding Status								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments			
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered					
a-13	a-13	<b>If you own a dam</b> , coordinate with the State Division of Safety of Dams to ensure an adequate timeline for the maintenance and inspection of dams, as required of dam owners by State law, <b>and communicate this information to local governments and the public.</b>	EQ LS WF FL SEC										x		Public Works/ Engineering	The City of Concord does not own a dam.
a-14	a-14	Encourage communication between State <b>Emergency Management Agency (CalEMA)</b> , FEMA, and utilities related to emergencies occurring outside of the Bay Area that can affect service delivery in the region.	EQ LS WF FL DR SEC										x		Contra Costa County Office of the Sheriff, Office of Emergency Services, Operational Area.	The Sheriff's office would coordinate with any utilities regarding the event located outside of our jurisdiction and pass the information down to our city. Currently we receive Cal EMA Daily Situation Reports from the Operational Area. In the case of an event that would affect our city, we would then coordinate with that utility to address the issue.
a-15	a-15	Ensure that transit operators, private ambulance companies, cities, and/or counties have mechanisms in place for medical transport during and after disasters that take into consideration the potential for reduced capabilities of roads following these same disasters.	EQ LS WF FL SEC										x		Police Department- Emergency Operation Center (ECO) Logistics Section	The Transportation Services area function coordinates the allocation of transportation resources required to move people, equipment and essential supplies and coordinates with agencies assisting the city. We have also established a relationship with Mt. Diablo Unified School District, Facilities Manager who has supplied us with a list of their available fleet and has a station within the EOC
a-16	new	<b>Recognize that heat emergencies produce the need for non-medical transport of people to cooling centers by ensuring that (1) transit operators have plans for non-medical transport of people during and after such emergencies including the use of paratransit and (2) cities, counties, and transit agencies have developed ways to communicate the plan to the public.</b>	Heat											x	Police Department- Emergency Operation Center (ECO) Logistics Section	Currently citizens can use public transit to get to local cooling stations and malls.
a-17	a-16	Effectively utilize the <b>Regional</b> Transportation Management Center (TMC) <b>in Oakland</b> , the staffing of which is provided by Caltrans, the CHP and MTC. The TMC is designed to maximize safety and efficiency throughout the highway system. It includes the Emergency Resource Center (ERC) which was created specifically for primary planning and procedural disaster management. <b>RESPONSIBLE AGENCY: MTC only.</b>	EQ LS WF FL SEC										x		MTC	MTC responsible agency

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
a-18	new	<b>Develop (with the participation of paratransit providers, emergency responders, and public health professionals) plans and procedures for parasit system response and recovery from disasters.</b>	EQ LS WF FL Heat SEC		x							City of Concord Emergency Operation Plan (EOP) Transportation	Transportation resources will normally be provided for transporting persons from threatened, impacted, or untenable areas; transporting essential equipment, supplies, and other resources; transporting emergency workers from reception to hazard areas; transporting potable water to points of consumption and serving as auxiliary ambulances.
a-19	new	<b>Coordinate with other critical infrastructure facilities to establish plans for delivery of water and wastewater treatment chemicals.</b>	EQ LS WF FL SEC							x		CCCSD	CCCSD is responsible agency
a-20	new	<b>Establish plans for delivery of fuel to critical infrastructure providers.</b>	EQ LS WF FL SEC		x							Purchasing	Concord has an existing contract with vendor Mountain View, Valley Oil Company for daily needs and disasters response. In 2008 we also amended our policy for fuel ordering practices for diesel and unleaded petroleum so all fuel sources at the police department are only permitted to be reduced to a half tank. The City of Concord is currently in the process of establishing Memorandums of Understanding with other private critical infrastructure providers.
a-21	new	<b>As an infrastructure operator, designate a back-up Emergency Operations Center with redundant communications systems.</b>	EQ LS WF FL SEC		x							Police Department	Concord currently utilizes the Police Offices Association (POA) facility as a back-up EOC. A team of city personnel consisting of IT, Dispatch and the Emergency Manager are seeking to identify other locations to accommodate the level of technology now associated with disaster emergency response. We have also received a vehicle which is being retrofitted as a mobile telecommunication vehicle by this same team.

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
a-22	new	<b>Monitor scientific studies of the Sacramento-San Joaquin Delta and policy decisions related to the long-term disaster resistance of that Delta system to ensure that decisions are made based on comprehensive analysis and in a scientifically-defensible manner. Levee failure due to earthquakes, flooding, and climate change (including sea level rise and more frequent and more severe flooding) are all of concern. The long-term health of the Delta area is critical to the Bay Area's water supply, is essential for the San Francisco Bay and estuary's environmental health, provides recreation opportunities for Bay Area residents, and provides the long-term sustainability of Delta communities. While only part of the Delta is within the nine Bay Area counties covered by this multi-jurisdictional LHMP, the Delta is tied to the infrastructure, water supply, and economy of the Bay Area.</b>	EQ FL									County OES	Not lead agency
<b>INFR - b - Earthquakes</b>													
b-1	b-1	Expedite the funding and retrofit of seismically-deficient city- and county-owned bridges and road structures by working with Caltrans and other appropriate governmental agencies.	EQ		x							Public Works/Engineering	
b-2	b-2	Establish a higher priority for funding seismic retrofit of existing transportation and infrastructure systems (such as BART) than for expansion of those systems.	EQ		x							Public Works/Engineering	
b-3	b-3	Include "areas subject to high ground shaking, earthquake-induced ground failure, and surface fault rupture" in the list of criteria used for determining a replacement schedule for pipelines (along with importance, age, type of construction material, size, condition, and maintenance or repair history).	EQ							x		Public Works/Engineering	Isolated repairs done when necessary on sewer lines and storm drains.

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
b-4	b-4	Install specially-engineered pipelines in areas subject to faulting, liquefaction, earthquake-induced landsliding, or other earthquake hazard.	EQ							X		Public Works/Engineering	Isolated repairs done when necessary on sewer lines and storm drains.
b-5	b-5	Replace or retrofit water-retention structures that are determined to be structurally deficient, <b>including levees, dams, reservoirs and tanks.</b>	EQ							X		Public Works/Engineering	City does not own any levees, dams, reservoirs or tanks
b-6	b-6	Install portable facilities (such as hoses, pumps, emergency generators, or other equipment) to allow pipelines to bypass failure zones such as fault rupture areas, areas of liquefaction, and other ground failure areas (using a priority scheme if funds are not available for installation at all needed locations).	EQ									Public Works/Engineering	Mario to check with Bruce to see if we have these facilities
b-7	b-7	Install earthquake-resistant connections when pipes enter and exit bridges <b>and work with bridge owners to encourage retrofit of these structures.</b>	EQ					X				Public Works/Engineering	when funding becomes available
b-8	b-8	Comply with all applicable building and fire codes, as well as other regulations (such as state requirements for fault, landslide, and liquefaction investigations in particular mapped areas) when constructing or significantly remodeling infrastructure facilities.	EQ	X								Public Works/Engineering	This is part of the CA Building Code, 2007 edition, modified and adopted by City Council 11-27-07, Ordinance #07-13.
b-9	b-9	Clarify to workers in critical facilities and emergency personnel, as well as to elected officials and the public, the extent to which the facilities are expected to perform only at a life safety level (allowing for the safe evacuation of personnel) or are expected to remain functional following an earthquake.	EQ	X								Police Dept.	In 2009 over 600 trainings occurred with City personnel on Emergency Management in form of Incident Command Systems and table-top exercises.
b-10	b-10	<b>Develop</b> a water-based transportation "system" across the Bay for use in the event of major earthquakes. Implementation of such a system could prove extremely useful in the event of structural failure of either the road-bridge systems or BART and might serve as an adjunct to existing transportation system elements in the movement of large numbers of people and/or goods.	EQ							X		County OES	Not lead agency

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
INFR - c - Wildfire													
c-1	c-1	Ensure a reliable source of water for fire suppression (meeting acceptable standards for minimum volume and duration of flow) for existing and new development.	WF	x								Community Development	As a development Condition of Approval, plans must comply with the Fire District's requirements. The Fire District reviews developers plans submittals.
c-2	c-2	Develop a coordinated approach between fire jurisdictions and water supply agencies to identify needed improvements to the water distribution system, initially focusing on areas of highest wildfire hazard <b>(including wildfire threat areas and in wildland-urban-interface areas).</b>	WF							x		Contra Costa County Fire Protection District.	Contra Costa County Fire Protection District handles
c-3	c-3	Develop a defensible space vegetation program that includes the clearing or thinning of (a) non-fire resistive vegetation within 30 feet of access and evacuation roads and routes to critical facilities, or (b) all non-native species (such as eucalyptus and pine, but not necessarily oaks) within 30 feet of access and evacuation roads and routes to critical facilities.	WF							x		Contra Costa County Fire Protection District.	Contra Costa County Fire Protection District handles
c-4	c-4	<b>For new development</b> , ensure all dead-end segments of public roads in high hazard areas have at least a "T" intersection turn-around sufficient for typical wildland fire equipment.	WF	x								Community Development	
c-5	c-5	<b>For new development</b> , enforce minimum road width of 20 feet with an additional 10-foot clearance on each shoulder on all driveways and road segments greater than 50 feet in length in wildfire hazard areas.	WF	x								Community Development	
c-6	c-6	Require that development in high fire hazard areas provide adequate access roads (with width and vertical clearance that meet the minimum standards of the <i>Fire Code</i> or relevant local ordinance), onsite fire protection systems, evacuation signage, and fire breaks.	WF	x								Public Works/Engineering and Community Development	
c-7	c-7	Ensure adequate fire equipment road or fire road access to developed and open space areas.	WF	x								Public Works/Engineering and Community Development	Fire District reviews development applications and their comments pertaining to Emergency Vehicle Access become a COA of development

## Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
c-8	c-8	Maintain fire roads and/or public right-of-way roads and keep them passable at all times.	WF	x								Public Works/Engineering	Our 10-year CIP program that Council adopts contains all projects that provide for clean, well-maintained, passable roadways and trails. Updated annually. Contra Costa County Fire District maintains all fire roads.
INFR - d - Flooding													
d-1	d-1	Conduct a watershed analysis of runoff and drainage systems to predict areas of insufficient capacity in the storm drain and natural creek system.	FL		x							Public Works/Engineering	
d-2	d-2	Develop procedures for performing a watershed analysis to examine the impact of development on flooding potential downstream, including communities outside of the jurisdiction of proposed projects.	FL	x								Community Development	Developments are required to comply with NPDES and C.3 requirements which limits the post-development peak and volume run-off.
d-3	d-3	Conduct a watershed analysis at least once every <b>ten years unless there is a major development in the watershed or a change in the Land Use Element of the Genral Plan of the cities or county within the watershed.</b>	FL	x								Public Works/Engineering and Community Development	Completed by Developer during their approval process
d-4	d-4	Assist, support, and/or encourage the U.S. Army Corp of Engineers, various Flood Control and Water Conservation Districts, and other responsible agencies to locate and maintain funding for the development of flood control projects that have high cost-benefit ratios (such as through the writing of letters of support and/or passing resolutions in support of these efforts).	FL	x								Public Works/Engineering	
d-5	d-5	Pursue funding for the design and construction of storm drainage projects to protect vulnerable properties, including property acquisitions, upstream storage such as detention basins, and channel widening with the associated right-of-way acquisitions, relocations, and environmental mitigations.	FL		x							Public Works/Engineering	

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
d-6	d-6	Continue to repair and make structural improvements to storm drains, pipelines, and/or channels to enable them to perform to their design capacity in handling water flows as part of regular maintenance activities. <b>(This strategy has the secondary benefit of addressing fuel, chemical, and cleaning product issues.)</b>	FL		x							Public Works/Engineering	
d-7	d-7	Continue maintenance efforts to keep storm drains and creeks free of obstructions, while retaining vegetation in the channel (as appropriate), to allow for the free flow of water.	FL		x							Public Works/Engineering	
d-8	d-8	Enforce provisions under creek protection, stormwater management, and discharge control ordinances designed to keep watercourses free of obstructions and to protect drainage facilities to <b>conform</b> with the Regional Water Quality Control Board's Best Management Practices.	FL		x							Public Works/Engineering	
d-9	d-9	Develop an approach and locations for various watercourse bank protection strategies, including for example, (1) an assessment of banks to inventory areas that appear prone to failure, (2) bank stabilization, including installation of rip rap, <b>or whatever regulatory agencies allow</b> (3) stream bed depth management using dredging, and (4) removal of out-of-date coffer dams in rivers and tributary streams.	FL		x							Public Works/Engineering	
d-10	d-10	Use <b>reservoir sediment or reed</b> removal as one way to increase storage for both flood control and water supply.	FL		x							Public Works/Engineering	
d-11	d-11	<b>Identify</b> critical <b>locally-owned</b> bridges affected by flooding and either <b>elevate them</b> to increase stream flow and maintain critical <b>ingress</b> and egress routes <b>or modify the channel to achieve equivalent objectives.</b>	FL							x		Public Works/Engineering	All bridges mitigated - Ask Alton for verbiage

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
d-12	d-12	Provide <b>or support the</b> mechanism to expedite the repair or replacement of levees that are vulnerable to collapse from earthquake-induced shaking or liquefaction, rodents, and other concerns, particularly those protecting critical infrastructure.	FL							X		Public Works/Engineering	We have no levees
d-13	d-13	Ensure that utility systems in new developments are constructed in ways that reduce or eliminate flood damage.	FL	X								Public Works/Engineering	
d-14	d-14	Determine whether or not wastewater treatment plants are protected from floods, and if not, investigate the use of flood-control berms to not only protect from stream or river flooding, but also increase plant security.	FL							X		Central Sanitary District	Not lead Agency
d-15	d-15	Work cooperatively with water agencies, flood control districts, Caltrans, and local transportation agencies to determine appropriate performance criteria for watershed analysis.	FL							X		Flood Control District	Flood Control District is the City's advisory agency. They review and comment on proposed developments.
d-16	d-16	Work for better cooperation among the patchwork of agencies managing flood control issues.	FL	X								Public Works/Engineering	
d-17	d-17	<b>Improve monitoring of</b> creek and watercourse flows to predict potential for flooding downstream <b>by working cooperatively with land owners and the cities and counties in the watershed.</b>	FL		X							Public Works/Engineering	
d-18	new	<b>Using criteria developed by EPA for asset management, inventory existing assets, the condition of those assets, and improvements needed to protect and maintain those assets. Capture this information in a Geographic Information System (GIS) and use it to select locations for creek monitoring gauges.</b>	FL		X							Public Works/Engineering	

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
INFR - e - Landslides													
e-1	e-1	Include "areas subject to ground failure" in the list of criteria used for determining a replacement schedule (along with importance, age, type of construction material, size, condition, and maintenance or repair history) for pipelines.	LS	x								Public Works/Engineering	
e-2	e-2	Establish requirements in zoning ordinances to address hillside development constraints in areas of steep slopes that are likely to lead to excessive road maintenance or where roads will be difficult to maintain during winter storms due to landsliding.	LS	x								Public Works/Engineering	
INFR - f - Building Reoccupancy													
f-1	f-1	Ensure that critical buildings owned or leased by special districts or private utility companies participate in a program similar to San Francisco's Building Occupancy Resumption Program (BORP). The BORP program permits owners of buildings to hire qualified <b>engineers</b> to create facility-specific post-disaster inspection plans and allows these engineers to become automatically deputized as City/County inspectors for these buildings in the event of an earthquake or other disaster. This program allows rapid reoccupancy of the buildings. <b>Note</b> - A qualified ( <b>deleted structural</b> ) engineer is a California licensed <b>engineer</b> with relevant experience.	EQ LS WF FL SEC					x				Community Development	Vance to check what this program is
INFR - g - Public Education													
g-1	g-1	Provide materials to the public related to planning for power outages.	EQ LS WF FL SEC	x								City Management Dept.	
g-2	g-2	Provide materials to the public related to family and personal planning for delays due to traffic or road closures, <b>or due to transit system disruption caused by disasters.</b>	EQ LS WF FL SEC							x		Police Department	This is done on our city website and through community outreach at Todos Santos Plaza and incorporated emergency preparedness into our Neighborhood Watch Program.

### Infrastructure Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Mitigation Status								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments		
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered				
g-3	g-3	Provide materials to the public related to coping with reductions in water supply or contamination of that supply <b>BEYOND regulatory notification requirements.</b>	EQ LS WF FL DR SEC											CCC Water District	Not lead Agency
g-4	g-4	Provide materials to the public related to coping with disrupted storm drains, sewage lines, and wastewater treatment (such as that developed by <b>ABAG's Sewer Smart Program</b> ).	EQ LS WF FL DR SEC						X					Public Works/ Engineering	What is ABAG's Sewer Smart Program? Margaret to follow up and post link on our website
g-5	g-5	Facilitate and/or coordinate the distribution of <b>emergency preparedness or mitigation</b> materials that are prepared by others, such as by <b>making the use of the internet or other electronic means</b> , or placing materials on community access channels or in city or utility newsletters, as appropriate.	EQ LS WF FL DR SEC	X										Police Department	This is done on our city website, City News articles and through community outreach at Todos Santos Plaza and incorporated emergency preparedness into our Neighborhood Watch Program.
g-6	<b>new</b>	Sponsor the formation <b>and training</b> of Community Emergency Response Teams (CERT) <b>for the employees of your agency</b> . [Note – these programs go by a variety of names in various cities and areas.]	EQ LS WF FL DR SEC	X										Police Department	In 2008-2009 all new city employees including police personnel were given an overview of our emergency services program and CERT. Ongoing ICS trainings and refresher courses are being held.
g-7	<b>new</b>	Develop and distribute culturally appropriate materials related to disaster mitigation and preparedness, such as those on the <a href="http://www.preparenow.org">http://www.preparenow.org</a> website <b>related to infrastructure issues</b> .	EQ LS WF FL DR SEC	X										Police Department	Emergency preparedness presentations and materials are offered in English and Spanish at all Neighborhood Watch and community outreach functions. Additional presentations have been conducted to Functional Needs populations, i.e., Seniors, Skilled Living Facilities, Spanish-speaking neighborhood watch meetings, Asian Seniors and pet owners.

### Health Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Priority (CHECK ONLY ONE)								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
			Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective		
HEAL - a - Hospitals and Other Critical Health Care Facilities (to be filled out by cities, counties, and county health departments, as well as water agencies, public & private hospitals as noted)											Blue=2009 Updates	
a-1	a-1	<p><b>Work to ensure that cities, counties, county health departments, and hospital operators coordinate with each other (and that hospitals cooperate with the California Office of Statewide Health Planning and Development - OSHPD) to comply with current state law</b> that mandates that critical facilities are structurally sound and have nonstructural systems designed to remain functional following disasters <b>by 2013. In particular, this coordination should include understanding any problems with obtaining needed funding.</b></p> <p><b>RESPONSIBLE AGENCIES: Cities, counties, county health departments, and hospitals</b></p>	EQ LS WF FL SEC	x							Community Development	
a-2	a-2	<p>Encourage hospitals in your community to work with OSHPD to formalize arrangements with structural engineers to report to the hospital, assess damage, and determine if the buildings can be reoccupied. The program should be similar to San Francisco's Building Occupancy Resumption Program (BORP) that permits owners of buildings to hire qualified structural engineers to create building-specific post-disaster inspection plans and allows these engineers to become automatically deputized as inspectors for these buildings in the event of an earthquake or other disaster. OSHPD, rather than city/county building departments, has the authority and responsibility for the structural integrity of hospital structures. <b>RESPONSIBLE AGENCIES: Cities, counties, county health departments, and hospitals</b></p>	EQ LS WF FL SEC							x	John Muir Hospital	Not lead Agency
a-3	a-3	<p>Ensure health care facilities are adequately prepared to care for victims with respiratory problems related to smoke and/or particulate matter inhalation. <b>RESPONSIBLE AGENCIES: Cities, counties, county health departments, and hospitals</b></p>	EQ WF SEC							x	John Muir Hospital	Not lead Agency

### Health Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
a-4	a-4	Ensure these health care facilities have the capacity to shut off outside air and be self-contained. <b>RESPONSIBLE AGENCIES: Cities, counties, county health departments, and hospitals</b>	EQ WF SEC							x		John Muir Hospital	Not lead Agency

### Health Mitigation Strategies

<b>HSNG - a - Multi-Hazard</b>												<b>Blue=2009 updates</b>		
a-1	a-1	Assist in ensuring adequate hazard disclosure by working with real estate agents to improve enforcement of real estate disclosure requirements <b>for residential properties</b> with regard to seven official natural hazard zones: <b>1) Special Flood Hazard Areas (designated by FEMA), 2) Areas of Potential Flooding from dam failure inundation, 3) Very High Fire Hazard Severity Zones, 4) Wildland Fire Zones, 5) Earthquake Fault Zones (designated under the Alquist-Priolo Earthquake Fault Zoning Act), and the 6) Liquefaction and Landslide Hazard Zones (designated under the Seismic Hazard Mapping Act).</b>	EQ LS WF FL SEC						x				Community Development	Permit issuance only when development is underway
a-2	a-2	Create incentives for <b>private</b> owners of historic or architecturally significant residential buildings to undertake mitigation to levels that will minimize the likelihood that these buildings will need to be demolished after a disaster, particularly if those alterations conform to the federal Secretary of the Interior's <i>Guidelines for Rehabilitation</i> .	EQ LS WF FL SEC						x				Community Development	Permit issuance only when development is underway
a-3	NEW - Was GOVT b-4	Develop a plan for short-term sheltering of residents <b>of your community in conjunction with the American Red Cross.</b>	EQ LS WF FL SEC	x									Police Dept.	This will be included as part of the 2007 Emergency Preparedness Plan which will be adopted by the City Council in October of 2007. check with EOC/Margaret
a-4	NEW - Was GOVT b-4	<b>Develop a plan for interim housing for those displaced by working with the Regional Catastrophic Planning Grant Program (CPGP) that funded this effort in 2009. (Estimated completion is 2011.)</b>	EQ LS WF FL SEC								x		County OES	Not lead Agency
<b>HSNG - b - Single-Family Homes Vulnerable to Earthquakes</b>														

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
b-1	b-1	Utilize or recommend adoption of a retrofit standard that includes standard plan sets and construction details for voluntary bolting of homes to their foundations and bracing of outside walls of crawl spaces ("cripple" walls), such as <b>Plan Set A</b> developed by a committee representing the East Bay-Peninsula-Monterey Chapters of the International Code Council (ICC), California Building Officials (CALBO), the Structural Engineers Association of Northern California (SEAONC), the Northern California Chapter of the Earthquake Engineering Research Institute (EERI-NC), and ABAG's Earthquake Program.	EQ		x							Community Development	
b-2	b-2	Require engineered plan sets for <b>seismic</b> retrofitting of heavy two-story homes with living areas over garages, as well as for split level homes ( <b>that is, homes not covered by Plan Set A</b> ) until standard plan sets and construction details become available.	EQ	x								Community Development	
b-3	b-3	Require engineered plan sets for <b>seismic</b> retrofitting of homes on steep hillsides ( <b>because these homes are not covered by Plan Set A</b> )	EQ	x								Community Development	
b-4	b-4	Encourage local government building inspectors to take classes on a periodic basis (such as the FEMA-developed training classes offered by ABAG) on retrofitting of single-family homes, <b>including application of Plan Set A</b> .	EQ	x								Community Development	
b-5	b-5	Encourage private retrofit contractors and home inspectors doing work in your area to take retrofit classes on a periodic basis (such as the FEMA-developed training classes offered by ABAG <b>or additional classes that might be offered by the CalBO Training Institute</b> ) on retrofitting of single-family homes.	EQ	x								Community Development	
b-6	b-6	Conduct demonstration projects on common existing housing types demonstrating structural and nonstructural mitigation techniques as community models for earthquake mitigation.	EQ					x				Community Development	

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
b-7	b-7	Provide retrofit classes or workshops for homeowners in your community, <b>or help promote utilization of subregional workshops in the South Bay, East Bay, Peninsula, and North Bay as such workshops become available through outreach using existing community education programs.</b>	EQ		X							Community Development	
b-8	b-8	Establish tool-lending libraries with common tools needed for retrofitting for use by homeowners with appropriate training.	EQ					X				Community Development	
b-9	b-9	<b>(reworded) Provide financial incentives to owners of single-family homes to retrofit if those retrofits comply with Plan Set A or IEBC 2006 in addition to that provided by existing state law State law that makes such retrofits exempt from increases in property taxes.</b>	EQ		X							Community Development	
<b>HSNG - c - Soft-Story Multifamily Residential Structures Vulnerable to Earthquakes</b>													
c-1	c-1	Require engineered plan sets for voluntary or mandatory soft-story <b>seismic</b> retrofits <b>by private owners</b> until a standard plan set and construction details become available.	EQ	X								Community Development	
c-2	c-2	Adopt the 2009 <b>(changed date)</b> International Existing Building Code or the latest applicable standard for the design of voluntary or mandatory soft-story building retrofits <b>for use in city/county building department regulations. In addition, allow use of changes to that standard recommended by SEAOC for the 2012 IEBC.</b>	EQ	X								Community Development	
c-3	c-3	Work to educate building owners, local government staff, engineers, and contractors on <b>privately-owned</b> soft-story retrofit procedures and incentives using materials such as those developed by ABAG and the City of San Jose (see <a href="http://quake.abag.ca.gov/eqhouse.html">http://quake.abag.ca.gov/eqhouse.html</a> )	EQ				X					Community Development	
c-4	c-4	Conduct an inventory of <b>privately-owned</b> existing or suspected soft-story residential structures <b>as a first step in establishing voluntary or mandatory programs for retrofitting these buildings.</b>	EQ		X							Community Development	

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
c-5	c-5	Use the soft-story inventory to require <b>private</b> owners to inform all existing tenants (and <b>prospective</b> tenants prior to signing a lease agreement) that they <b>may</b> live in this type of building.	EQ				x					Community Development	
c-6	c-6	Use the soft-story inventory to require <b>private</b> owners to inform all existing <b>and prospective</b> tenants that they <b>may</b> need to be prepared to live elsewhere following an earthquake if the building has not been retrofitted.	EQ					x				Community Development	
c-7	c-7	Investigate and adopt appropriate financial, procedural, and land use incentives (such as <b>parking waivers</b> ) for <b>private</b> owners of soft-story buildings to facilitate retrofit such as those <b>described</b> by ABAG (see <a href="http://quake.abag.ca.gov/fixit">http://quake.abag.ca.gov/fixit</a> ).	EQ				x					Community Development	
c-8	c-8	(reworded) Explore development of State regulations or legislation to require or encourage <b>private</b> owners of soft-story structures to strengthen them.	EQ					x				Community Development	
c-9	c-9	Provide technical assistance in seismically strengthening <b>privately-owned</b> soft-story structures.	EQ						x			Community Development	
<b>HSNG - d - Unreinforced Masonry Housing Stock</b>													
d-1	d-1	Continue to actively implement existing State law that requires cities and counties to maintain lists of the addresses of unreinforced masonry buildings and inform <b>private</b> property owners that they own this type of hazardous structure.	EQ	x								Community Development	
d-2	d-2	Accelerate retrofitting of <b>privately-owned</b> unreinforced masonry structures that have not been retrofitted, for example, by (a) actively working with owners to obtain structural analyses of their buildings, (b) helping owners obtain retrofit funding, (c) adopting a mandatory versus voluntary, retrofit program, and/or (d) applying penalties to owners who show inadequate efforts to upgrade these buildings.	EQ		x							Community Development	
d-3	d-3	Require <b>private</b> owners to inform all existing <b>tenants (and prospective</b> tenants prior to signing a lease agreement) that they live in an <b>unreinforced masonry</b> building and the standard to which it may have been retrofitted.	EQ		x							Community Development	

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
d-4	d-4	As required by State law, require <b>private</b> owners to inform all existing tenants that they may need to be prepared to live elsewhere following an earthquake even if the building has been retrofitted, <b>because</b> it has probably been retrofitted to a life-safety standard, not to a standard that will allow occupancy following major earthquakes.	EQ	x								Community Development	
HSNG - e - Other Privately-Owned Structurally Vulnerable Residential Buildings and Earthquakes													
e-1	e-1	Identify and work toward tying down mobile homes used as year-round permanent residences using an appropriate cost-sharing basis (for example, 75% grant, 25% owner).	EQ							x			State Agencies are responsible for this
e-2	e-2	Inventory non-ductile concrete, tilt-up concrete ( <b>such as converted lofts</b> ), and other privately-owned potentially structurally <b>vulnerable</b> residential buildings.	EQ							x			These type of structures do not exist in the City of Concord
e-3	e-3	Adopt the <b>2009</b> International Existing Building Code or the latest applicable standard for the design of voluntary or mandatory retrofit of <b>privately-owned</b> seismically vulnerable buildings.	EQ	x								Community Development	
e-4	e-4	Adopt one or more of the following strategies as incentives to encourage retrofitting of privately-owned <b>seismically vulnerable</b> residential buildings: (a) waivers or reductions of permit fees, (b) below-market loans, (c) local tax breaks, (d) grants to cover the cost of retrofitting or of a structural analysis, (e) land use ( <b>such as parking requirement waivers</b> ) and procedural incentives, or (f) technical assistance.	EQ					x				Community Development	waiting for funding to become available
HSNG - f - New Construction and Earthquakes													
f-1	f-1	Continue to require that all new housing be constructed in compliance with ( <b>deleted "structural"</b> ) requirements of the most recently adopted version of the <i>California Building Code</i> .	EQ	x								Community Development	Required as part of the Uniform Building Code 2007 edition, adopted by City Council in 2007, Ordinance #07-13
f-2	f-2	Conduct appropriate employee training and support continued education to ensure enforcement of building codes and construction standards, as well as identification of typical design inadequacies of housing and recommended improvements.	EQ	x								Community Development	Required as part of the Uniform Building Code 2007 edition, adopted by City Council in 2007, Ordinance #07-13

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
<b>HSNG - g - Wildfire and Structural Fires</b>													
g-1	g-1	Increase efforts to reduce hazards in existing <b>private</b> development in wildland-urban-interface fire-threatened communities or in areas exposed to high-to-extreme fire threat through improving engineering design and vegetation management for mitigation, appropriate code enforcement, and public education on defensible space mitigation strategies.	WF	x								Community Development	
g-2	g-2	Tie public education on defensible space and a comprehensive defensible space ordinance to a field program of enforcement.	WF	x						x		Contra Costa County Fire District	Contra Costa County Fire District handles
g-3	g-3	Require that new homes in wildland-urban-interface fire-threatened communities or in areas exposed to high-to-extreme fire threat be constructed of fire-resistant building materials (including roofing and exterior walls) and incorporate fire-resistant design features (such as minimal use of eaves, internal corners, and open first floors) to increase structural survivability and reduce ignitability. <b>Note</b> - See Structural Fire Prevention Field Guide for Mitigation of Wildfires at <a href="http://osfm.fire.ca.gov/structural.html">http://osfm.fire.ca.gov/structural.html</a> .	WF	x								Community Development	
g-4	g-4	Create or identify "model" <b>properties showing defensible space and structural survivability</b> in neighborhoods that are wildland-urban-interface fire-threatened communities or in areas exposed to high-to-extreme fire threat.	WF				x					Community Development	
g-5	g-5	Consider fire safety, evacuation, and emergency vehicle access when reviewing proposals to add secondary units or additional residential units in wildland-urban- interface fire-threatened communities or in areas exposed to high-to-extreme fire threat.	WF	x								Community Development	
g-6	g-6	Adopt and amend as needed updated versions of the <i>California Building and Fire Codes</i> so that optimal fire-protection standards are used in construction and renovation projects <b>of private buildings</b> .	WF	x								Community Development	

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
g-7	g-7	Create a mechanism to enforce provisions of the <i>California Building and Fire Codes</i> and other local codes that require the installation of smoke detectors and/or fire-extinguishing systems <b>on existing residential buildings</b> by making installation a condition of (a) finalizing a permit for any work valued at over a fixed amount and/or (b) on any building over 75 feet in height, and/or (b) as a condition for the transfer of property.	WF	x								Community Development	
g-8	g-8	Work to ensure a reliable source of water for fire suppression in rural-residential areas through the cooperative efforts of water districts, fire districts, and residents.	WF							x		Contra Costa County Fire District	Contra Costa County Fire District handles
g-9	g-9	Expand vegetation management programs in wildland-urban- interface fire-threatened communities or in areas exposed to high-to-extreme fire threat to more effectively manage the fuel load through roadside collection and chipping, mechanical fuel reduction equipment, selected harvesting, use of goats or other organic methods of fuel reduction, and selected use of controlled burning.	WF							x		Contra Costa County Fire District	Contra Costa County Fire District handles
g-10	g-11	Establish <b>special funding mechanisms</b> (such as Fire Hazard Abatement District or <b>regional bond funding</b> ) to fund reduction in fire risk of existing properties through vegetation management that includes reduction of fuel loads, use of defensible space, and fuel breaks.	WF							x		Contra Costa County Fire District	Contra Costa County Fire District handles
g-11	g-12	Work with residents in rural-residential areas to ensure adequate <b>plans are developed for appropriate</b> access and evacuation in wildland-urban-interface fire-threatened communities or in areas exposed to high-to-extreme fire threat. <b>For example, in some areas, additional roads can be created, and in other areas, the communities will need to focus on early warning and evacuation because additional roads are not feasible.</b>	WF							x		Contra Costa County Fire District	Contra Costa County Fire District handles
g-12	g-13	Require fire sprinklers in new homes located more than 1.5 miles or a 5-minute response time from a fire station or in an identified high hazard wildland-urban-interface wildfire area.	WF								x	Community Development	not part of Fire Code
g-13	g-14	Require fire sprinklers in all new or substantially remodeled multifamily housing, regardless of distance from a fire station.	WF	x								Community Development	

### Housing Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
g-14	g-15	Require sprinklers in all mixed use development to protect residential uses from fires started in non-residential areas.	WF	x								Community Development	
g-15	g-16	Compile a list of <b>privately-owned</b> high-rise and high-occupancy buildings which are deemed, due to their age or construction materials, to be particularly susceptible to fire hazards, and determine an expeditious timeline for the fire-safety inspection of all such structures.	WF	x						x		Contra Costa County Fire District	Contra Costa County Fire District handles
g-16	g-17	Conduct periodic fire-safety inspections of all multi-family buildings, as required by State law.	WF	x								Community Development	
g-17	g-18	Ensure that <b>city/county-initiated</b> fire-preventive vegetation-management techniques and practices for creek sides and high-slope areas do not contribute to the landslide and erosion hazard. <b>For example, vegetation in these sensitive areas could be thinned, rather than removed, or replanted with less flammable materials. When thinning, the non-native species should be removed first. Other options would be to use structural mitigation, rather than vegetation management in the most sensitive areas.</b>	WF LS	x								Public Works/Engineering	<b>Our NPDES permit requires us to minimize pollutant (including sediment) discharge; also, Municipal Code Chapter 86, Article II: Stormwater Management and Discharge Control requires specific grading, erosion and sediment control measures. Check with Alton for updates</b>
g-18	g-19	Create a mechanism to require the bracing of water heaters and flexible couplings on gas appliances, and/or (as specified under "b. Single-family homes vulnerable to earthquakes" above) the bolting of homes to their foundations and strengthening of cripple walls to reduce fire ignitions due to earthquakes.	EQ WF	x								Public Works/Engineering	
g-19	g-20	Work with the State Fire Marshall, the California Seismic Safety <b>Commission, Pacific Earthquake Engineering Research Center</b> , PEER, and other experts to identify and manage gas-related fire risks of soft-story residential or mixed use buildings that are prone to collapse and occupant entrapment consistent with the natural gas safety recommendations of Seismic Safety Commission Report SSC-02-03. <b>Note</b> - See <a href="http://www.seismic.ca.gov/pub/CSSC_2002-03_Natural%20Gas%20Safety.pdf">http://www.seismic.ca.gov/pub/CSSC_2002-03_Natural%20Gas%20Safety.pdf</a> . <b>Also note</b> - any valves that are installed may need to have both excess flow and seismic triggers ("hybrid" valves).	EQ WF					x				Public Works/Engineering	

### Housing Mitigation Strategies

<b>ECON - a - Multi-Hazard</b>				<b>Blue-2009 responses</b>										
a-1	a-1	Assist in ensuring adequate hazard disclosure by working with real estate agents to improve enforcement of real estate disclosure requirements <b>for commercial and industrial properties</b> with regard to seven official natural hazard zones: <b>1) Special Flood Hazard Areas (designated by FEMA), 2) Areas of Potential Flooding from dam failure inundation, 3) Very High Fire Hazard Severity Zones, 4) Wildland Fire Zones, 5) Earthquake Fault Zones (designated under the Alquist-Priolo Earthquake Fault Zoning Act), and the 6) Liquefaction and Landslide Hazard Zones (designated under the Seismic Hazard Mapping Act).</b>	EQ LS WF FL SEC	x									Community Development & Public Works/Engineering	
a-2	a-2	Create incentives for <b>private</b> owners of historic or architecturally significant <b>commercial and industrial</b> buildings to undertake mitigation to levels that will minimize the likelihood that these buildings will need to be demolished after a disaster, particularly if those alterations conform to the federal Secretary of the Interior's <i>Guidelines for Rehabilitation</i> .	EQ LS WF FL SEC		x								Community Development	
<b>ECON - b - Soft-Story Commercial Buildings Vulnerable to Earthquakes</b>														
b-1	b-1	Require engineered plan sets for voluntary or mandatory soft-story <b>seismic</b> retrofits <b>by private owners</b> until a standard plan set and construction details become available.	EQ	x									Community Development	
b-2	b-2	Adopt the 2009 ( <b>changed date</b> ) International Existing Building Code or the latest applicable standard for the design of voluntary or mandatory soft-story building retrofits <b>for use in city/county building department regulations. In addition, allow use of changes to that standard recommended by SEAOC for the 2012 IEBC.</b>	EQ	x									Community Development	
b-3	b-3	Work to educate building owners, local government staff, engineers, and contractors on <b>privately-owned</b> soft-story retrofit procedures and incentives using materials such as those developed by ABAG and the City of San Jose (see <a href="http://quake.abag.ca.gov/eqhouse.html">http://quake.abag.ca.gov/eqhouse.html</a> .)	EQ	x									Community Development	This is part of the Uniform Building Code, 2007 edition, adopted by City Council in 2007, Ordinance #07-13

### Economy Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments		
			Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered				
b-4	b-4	Conduct an inventory of <b>privately-owned</b> existing or suspected soft-story commercial or industrial structures <b>as a first step in establishing voluntary or mandatory programs for retrofitting these buildings.</b>	EQ				x						Community Development	
b-5	b-5	Use the soft-story inventory to require <b>private</b> owners to inform all existing tenants (and <b>prospective</b> tenants prior to signing a lease agreement) that they <b>may</b> work in this type of building.	EQ				x						Community Development	
b-6	b-6	Use the soft-story inventory to require <b>private</b> owners to inform all existing <b>and prospective</b> tenants that they <b>may</b> need to be prepared to work elsewhere following an earthquake if the building has not been retrofitted.	EQ					x					Community Development	
b-7	b-7	Investigate and adopt appropriate financial, procedural, and land use incentives ( <b>such as parking waivers</b> ) for <b>private</b> owners of soft-story buildings to facilitate retrofit such as those <b>described</b> by ABAG (see <a href="http://quake.abag.ca.gov/fixit">http://quake.abag.ca.gov/fixit</a> ).	EQ				x						Community Development	
b-8	b-8	(reworded) Explore development of State regulations or legislation to require or encourage <b>private</b> owners of soft-story structures to strengthen them.	EQ					x					Community Development	
b-9	b-9	Provide technical assistance in seismically strengthening <b>privately-owned</b> soft-story structures.	EQ						x				Community Development	
<b>ECON - c - Unreinforced Masonry Buildings in Older Downtown Areas</b>														
c-1	c-1	Continue to actively implement existing State law that requires cities and counties to maintain lists of the addresses of unreinforced masonry buildings and inform <b>private</b> property owners that they own this type of hazardous structure.	EQ	x									Community Development	
c-2	c-2	Accelerate retrofitting of <b>privately-owned</b> unreinforced masonry structures that have not been retrofitted, for example, by (a) actively working with owners to obtain structural analyses of their buildings, (b) helping owners obtain retrofit funding, (c) adopting a mandatory ( <b>rather than</b> voluntary) retrofit program, and/or (d) applying penalties to owners who show inadequate efforts to upgrade these buildings.	EQ		x								Community Development	

### Economy Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Applicable Hazards								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments	
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered			
c-3	c-3	Require <b>private</b> owners to inform all existing <b>tenants (and prospective tenants)</b> prior to signing a lease agreement) that they work in an <b>unreinforced masonry</b> building and the standard to which it may have been retrofitted.	EQ		x								Community Development	
c-4	c-4	As required by State law, require <b>private</b> owners to inform all existing tenants that they may need to be prepared to work elsewhere following an earthquake even if the building has been retrofitted, <b>because</b> it has probably been retrofitted to a life-safety standard, not to a standard that will allow occupancy following major earthquakes.	EQ	x									Community Development	
ECON - d - Privately-Owned Structurally <b>Vulnerable</b> Buildings														
d-1	d-1	Inventory non-ductile concrete, tilt-up concrete, and other privately-owned structurally <b>vulnerable</b> buildings.	EQ		x								Community Development	
d-2	d-2	Adopt the <b>2009</b> International Existing Building Code or the latest applicable standard for the design of voluntary or mandatory retrofit of <b>privately-owned</b> seismically vulnerable buildings.	EQ	x									Community Development	
d-3	d-3	Adopt one or more of the following strategies as incentives to encourage retrofitting of privately-owned <b>seismically vulnerable</b> commercial and industrial buildings: (a) waivers or reductions of permit fees, (b) below-market loans, (c) local tax breaks, (d) grants to cover the cost of retrofitting or of a structural analysis, (e) land use ( <b>such as parking requirement waivers</b> ) and procedural incentives, or (f) technical assistance.	EQ					x						
ECON - e - Wildfire and Structural Fires														
e-1	e-1	Increase efforts to reduce hazards in existing <b>private</b> development in wildland-urban-interface fire-threatened communities or in areas exposed to high-to-extreme fire threat through improving engineering design and vegetation management for mitigation, appropriate code enforcement, and public education on defensible space mitigation strategies.	WF	x									Public Works/Engineering	Work with Fire District
e-2	new	<b>Tie public education on defensible space and a comprehensive defensible space ordinance to a field program of enforcement.</b>	WF	x									Community Development	Work with Fire District

### Economy Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Applicable Hazards							Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments	
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective			Not Yet Considered
e-3	e-2	Require that new <b>privately-owned</b> business and office buildings in high fire hazard areas be constructed of fire-resistant building materials and incorporate fire-resistant design features (such as minimal use of eaves, internal corners, and open first floors) to increase structural survivability and reduce ignitability.	WF	x								Community Development	
e-4	e-3	Adopt and amend as needed updated versions of the <i>California Building and Fire Codes</i> so that optimal fire-protection standards are used in construction and renovation projects of <b>private buildings</b> .	WF	x								Community Development	
e-5	e-4	Create a mechanism to enforce provisions of the <i>California Building and Fire Codes</i> and other local codes that require the installation of smoke detectors and fire-extinguishing systems <b>on existing privately-owned buildings</b> by making installation a condition of (a) finalizing a permit for any work valued at over a fixed amount and/or (b) on any building over 75 feet in height, and/or (b) as a condition for the transfer of property.	WF	x								Community Development	
e-6	e-5	(reworded to more closely match the HSN strategy) Expand vegetation management programs in wildland-urban- interface fire-threatened communities or in areas exposed to high-to-extreme fire threat to more effectively manage the fuel load through roadside collection and chipping, mechanical fuel reduction equipment, selected harvesting, use of goats or other organic methods of fuel reduction, and selected use of controlled burning.	WF		x							Community Development	Work with Fire District
e-7	e-6	Establish <b>special funding mechanisms (such as Fire Hazard Abatement District or regional bond funding)</b> to fund reduction in fire risk of existing properties through vegetation management that includes reduction of fuel loads, use of defensible space, and fuel breaks.	WF							x		CCC Fire District	not lead Agency
e-8	e-7	Establish <b>special funding mechanisms (such as Fire Hazard Abatement District or regional bond funding)</b> to fund fire-safety inspections of private properties, roving firefighter patrols on high fire-hazard days, and public education efforts.	WF							x		CCC Fire District	not lead Agency

### Economy Mitigation Strategies

j-10	j-10	Encourage <b>private</b> businesses and laboratories handling hazardous materials or pathogens increase security to a level high enough to create a deterrent to crime and terrorism, including active implementation of "cradle-to-grave" tracking systems.	SEC EQ								x		County Hazmat Program	not lead Agency
j-11	j-11	Encourage joint meetings of security and operations personnel at major <b>private</b> employers to develop innovative ways for these personnel to work together to increase safety and security.	SEC EQ								x		County OES	not lead Agency
j-12	j-12	Inform <b>private</b> shoreline-property owners of the possible long-term economic threat posed by rising sea levels.	FL								x		County OES	not lead Agency
j-13	j-13	Distribute appropriate materials related to disaster mitigation and preparedness <b>to private business owners. Appropriate materials are (1) culturally appropriate and (2) suitable for special needs populations. For example, such materials are available on the <a href="http://www.preparenow.org">http://www.preparenow.org</a> website and from non-governmental organizations that work with these communities on an on-going basis.</b>	EQ LS WF FL SEC	x									Concord OES	

### Government Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Priority (CHECK ONLY ONE)									Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered			
<b>GOVT - a - Focus on Critical Facilities (...Owned by the Local Government Filling Out This Form)</b>													<b>Blue=2009 update</b>	
a-1	a-1	Assess the vulnerability of critical facilities (such as city halls, fire stations, <b>operations and communications headquarters</b> , community service centers, seaports, and airports) to damage in <b>natural disasters</b> and make recommendations for appropriate mitigation.	EQ LS WF FL		x								Public Works/ Engineering	
a-2	a-2	Retrofit or replace critical facilities that are shown to be vulnerable to damage in natural disasters.	EQ LS WF FL SEC		x							x	Public Works/ Engineering	We have no vulnerable facilities
a-3	a-3	Clarify to workers in critical facilities and emergency personnel, as well as to elected officials and the public, the extent to which the facilities are expected to perform only at a life safety level (allowing for the safe evacuation of personnel) or are expected to remain functional following an earthquake.	EQ	x									Concord OES	
a-4	a-4	Conduct comprehensive programs to identify and mitigate problems with facility contents, architectural components, and equipment that will prevent critical buildings from being functional after major natural disasters. <b>Such contents and equipment includes computers and servers, phones, files, and other tools used by staff to conduct daily business.</b>	EQ LS WF FL SEC		x								Public Works/ Engineering and Information Technology	
a-5	a-5	Encourage joint meetings of security and operations personnel at critical facilities to develop innovative ways for these personnel to work together to increase safety and security.	EQ LS WF FL SEC	x									Public Works/ Engineering	
a-6	a-6	<b>When</b> Installing micro and/or surveillance cameras around critical public assets tied to web-based software, and develop a surveillance protocol to monitor these cameras, <b>investigate the possibility of using the cameras for the secondary purpose of post-disaster damage assessment.</b>	EQ LS WF FL SEC						x				Information Technology and Police Department	
a-7	a-7	Identify and undertake cost-effective retrofit measures <b>related to security</b> on critical facilities (such as moving and redesigning air intake vents and installing blast-resistant features) when these buildings undergo major renovations <b>related to other natural hazards.</b>	EQ LS WF FL SEC						x				Information Technology and Police Department	

### Government Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
a-8		Coordinate with the State Division of Safety of Dams to ensure that cities and counties are aware of the timeline for the maintenance and inspection of dams whose failure would impact their jurisdiction											Newly added by ABAG 9/8/09
a-9	a-9	As a secondary focus, assess the vulnerability of non-critical facilities to damage in natural disasters based on occupancy and structural type, make recommendations on priorities for structural improvements or occupancy reductions, and identify potential funding mechanisms.	EQ LS WF FL SEC					x				Public Works/ Engineering	
a-10	a-10	Ensure that <b>new</b> government-owned facilities <b>comply with and</b> are subject to the same or more stringent regulations as imposed on privately-owned development.	EQ LS WF FL SEC	x								Community Development	
a-11	a-11	<b>Comply</b> with all applicable building and fire codes, as well as other regulations (such as state requirements for fault, landslide, and liquefaction investigations in particular mapped areas) when constructing or significantly remodeling government-owned facilities.	EQ LS WF FL SEC	x								Community Development and Public Works/ Engineering	
a-12	a-12	Prior to acquisition of property to be used as a critical facility, conduct a study to ensure the absence of significant <b>structural hazards and hazards associated with the building site.</b>	EQ LS WF FL SEC	x								Community Development	
a-13	<b>new</b> a-13	<b>Ensure that any regulations imposed on private-owned businesses related to repair and reconstruction (see "Economy Section") are enforced and imposed on local government's own buildings and structures.</b>	EQ LS WF FL SEC	x								Community Development	
GOVT - b - Maintain and Enhance Local Government's Emergency Recovery Planning													
b-1	b-1	Establish a framework and process for pre-event planning for post-event recovery that specifies roles, priorities, and responsibilities of various departments within the local government organization, and that outlines a structure and process for policy-making involving elected officials and appointed advisory committees.	EQ LS WF FL SEC	x								Concord OES	

### Government Mitigation Strategies

				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered				
c-6	b-6	Ensure that <b>fire, police, and other emergency</b> personnel have adequate radios, breathing apparatuses, protective gear, and other equipment to respond to a major disaster.	EQ LS WF FL SEC		X									Concord OES	
c-7	b-7	<b>Participate in</b> developing and maintaining a system of interoperable communications for first responders from cities, counties, special districts, state, and federal agencies.	EQ LS WF FL SEC		X									Concord OES	
c-8	b-8	Harden emergency response communications, including, for example, building redundant capacity into public safety alerting and/or answering points, replacing or hardening microwave and simulcast systems, adding digital encryption for programmable radios, and ensuring a plug-and-play capability for amateur radio.	EQ LS WF FL SEC		X									Information Technology Dept.	
c-9	b-9	Purchase command vehicles for use as mobile command/EOC vehicles if current vehicles are unsuitable or inadequate.	EQ LS WF FL SEC		X									Concord OES	
c-10	b-10	Maintain the local government's emergency operations center in a fully functional state of readiness.	EQ LS WF FL SEC		X									Concord OES	
c-11	b-11	Expand or participate in expanding traditional disaster exercises involving city and county emergency personnel to include airport and port personnel, transit and infrastructure providers, hospitals, schools, park districts, and major employers.	EQ LS WF FL SEC		X									Concord OES	
c-12	b-12	Maintain and update as necessary the local government's Standardized Emergency Management System (SEMS) Plan <b>and the National Incident Management System (NIMS) Plan, and submit an appropriate NIMSCAST report.</b>	EQ LS WF FL SEC	X										Concord OES	
c-13	b-13	Continue to participate not only in general mutual-aid agreements, but also in agreements with adjoining jurisdictions for cooperative response to fires, floods, earthquakes, and other disasters.	EQ LS WF FL SEC	X										Concord OES	

### Government Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Applicable Hazards							Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments	
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective			Not Yet Considered
c-14	b-14 & b-22	Install alert and warning systems for <b>rapid evacuation or shelter-in-place. Such systems include</b> outdoor sirens <b>and/or reverse-911 calling systems.</b>	EQ LS WF FL SEC		x							Concord OES / Information Technology	
c-15	b-15	Conduct periodic tests of the alerting and warning system. <b>(deleted some wording)</b>	EQ LS WF FL SEC							x		County OES	Not lead Agency
c-16	b-16	Regulate and enforce the location and design of street-address numbers on buildings and minimize the naming of short streets (that are actually driveways) to single homes.	EQ LS WF FL SEC	x								Community Development	
c-17	b-17	Monitor weather during times of high fire risk using, for example, weather stations tied into police and fire dispatch centers.	WF							x		County OES	Not lead Agency
c-18	b-18	Establish regional protocols on how to respond to the NOAA Monterey weather forecasts, such as the identifying types of closures, limits on work that could cause ignitions, and repositioning of suppression forces. A multi-agency coordination of response also helps provide unified messages to the public about how they should respond to these periods of increased fire danger. <b>Response should also be modified based on knowledge of local micro-climates. Local agencies with less risk then may be available for mutual aid.</b>	WF							x		County OES	Not lead Agency
c-19	b-19	Increase local patrolling during periods of high fire weather.	WF							x		Fire District	Not lead Agency
c-20	b-20	Create and maintain an automated system of rain and flood gauges that is web enabled and publicly-accessible. <b>Work toward creating a coordinated regional system.</b>	FL LS							x		Flood Control	Not lead Agency
c-21	b-21	Place remote sensors in strategic locations for early warning of hazmat releases or use of weapons of mass destruction, <b>understanding that the appropriate early warning strategy depends on the type of problem.</b>	EQ LS WF FL SEC							x		County H azMat	Not lead Agency

### Government Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Mitigation Status								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments		
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered				
c-22	b-23	Review and update, as necessary, procedures pursuant to the <i>State Dam Safety Act</i> for the emergency evacuation of areas located below major water-storage facilities.	EQ LS FL SEC									x		County OES	We don't have any dams within the City
c-23	a-8	<b>Improve coordination among cities, counties, and dam owners so that cities and counties can better plan for evacuation of inundation areas</b> for dams whose failure would impact their jurisdiction.	EQ LS FL SEC										x	County OES	Not lead Agency
c-24	b-24	Develop procedures for the emergency evacuation of areas identified on tsunami evacuation maps as these maps become available.	EQ (TS)										x	County OES	Not lead Agency
c-25	new	<b>Support and encourage planning and identification of facilities for the coordination of distribution of water, food, blankets, and other supplies, coordinating this effort with the American Red Cross.</b>	EQ LS WF FL SEC		x									Concord OES	
<b>GOVT - d - Participate in National, State, Multi-Jurisdictional and Professional Society Efforts to Identify and Mitigate Hazards</b>															
d-1	c-1	Promote information sharing among overlapping and neighboring local governments, including cities, counties, and special districts, as well as utilities.	EQ LS WF FL SEC	x										Concord OES	
d-2	c-2	Recognize that emergency services is more than the coordination of police and fire response, for it also includes planning activities with providers of water, food, energy, transportation, financial, information, and public health services.	EQ LS WF FL SEC	x										Concord OES	
d-3	c-3	Recognize that a multi-agency approach is needed to mitigate flooding by having flood control districts, cities, counties, and utilities meet at least annually to jointly discuss their capital improvement programs for most effectively reducing the threat of flooding. <b>Work toward making this process more formal to insure that flooding is considered at existing joint-agency meetings.</b>	FL	x										Public Works/ Engineering	The County Flood Control District collects parcel fees on a countywide basis to fund flood control projects. The City reviews the Flood Control District's annual Capital Improvement Program and meets with the District on an "as needed" basis.
d-4	c-4	As new flood-control projects are completed, request that FEMA revise its flood-insurance rate maps and digital Geographic Information System (GIS) data to reflect flood risks as accurately as possible.	FL	x										Public Works/ Engineering	

### Government Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
d-5	c-5	Participate in FEMA's National Flood Insurance Program.	FL	x								Public Works/ Engineering	
d-6	c-6	Participate in multi-agency efforts to mitigate fire threat, such as the Hills Emergency Forum (in the east Bay), various <i>FireSafe</i> Council programs, and city-utility task forces. <b>Such participation increases a jurisdiction's competitiveness in obtaining grants.</b>	WF							x		Fire District	Not lead Agency
d-7	c-7	Work with major employers and agencies that handle hazardous materials to coordinate mitigation efforts for the possible release of these materials due to a natural disaster such as an earthquake, flood, fire, or landslide.	EQ LS WF FL SEC	x								Concord OES	
d-8	c-8	Encourage staff to participate in efforts by professional organizations to mitigate earthquake and landslide disaster losses, such as the efforts of the Northern California Chapter of the Earthquake Engineering Research Institute, the East Bay-Peninsula Chapter of the International Code Council, the Structural Engineers Association of Northern California, and the American Society of Grading Officials.	EQ LS	x								Community Development	
d-9	c-9	Conduct and/or promote attendance at local or regional hazard conferences and workshops for elected officials <b>and staff</b> to educate <b>them</b> on the critical need for programs in mitigating earthquake, wildfire, flood, and landslide hazards.	EQ LS WF FL SEC		x							City-wide	
d-10	c-10	Cooperate with researchers working on government-funded projects to refine information on hazards, for example, by expediting the permit and approval process for installation of seismic arrays, gravity survey instruments, borehole drilling, fault trenching, landslide mapping, flood modeling, and/or damage data collection.	EQ LS WF FL SEC					x					

### Government Mitigation Strategies

<b>EDUC - a - Focus on Critical Facilities (...Owned by School Districts)</b>												<b>Blue- 2009 update</b>		
a-1	a-1	Assess the vulnerability of critical <b>public</b> education facilities to damage in natural disasters and make recommendations for appropriate mitigation.	EQ LS WF FL SEC								x		Mt. Diablo School District	Not lead Agency
a-2	a-2	Retrofit or replace critical <b>public</b> education facilities that are shown to be vulnerable to damage in natural disasters.	EQ LS WF FL SEC								x		Mt. Diablo School District	Not lead Agency
a-3	a-3	Conduct comprehensive programs to identify and mitigate problems with facility contents, architectural components, and equipment that will prevent critical <b>public education</b> buildings from being functional after major disasters.	EQ LS WF FL SEC								x		Mt. Diablo School District	Not lead Agency
a-4	a-4	As a secondary focus, assess the vulnerability of non-critical educational facilities ( <b>that is, those that do not house students</b> ) to damage in natural disasters based on occupancy and structural type, make recommendations on priorities for structural improvements or occupancy reductions, and identify potential funding mechanisms.	EQ LS WF FL SEC								x		Mt. Diablo School District	Not lead Agency
a-5	new	Assess the vulnerability of critical private education, pre-school, and day care facilities to damage in natural disasters and make recommendations for appropriate mitigation.	EQ LS WF FL SEC								x		Mt. Diablo School District	Not lead Agency
a-6	a-5	(Major Rewording) <b>Work with CalEMA and the Division of the State Architect to ensure that there will be an adequate group of Safety Assessment Program (SAP) inspectors trained and deployed by CalEMA to schools for post-disaster inspection. In addition, if a school district is uncomfortable with delays in inspection due to too few SAP inspectors available in catastrophic disasters, formalized arrangements can also be created with those inspectors certified by the Division of the State Architect as construction inspectors to report to the district, assess damage, and determine if the buildings can be reoccupied.</b>	EQ LS WF FL SEC								x		Mt. Diablo School District	Not lead Agency

### Education Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
<b>EDUC - b - Use of Educational Facilities as Emergency Shelters</b>													
b-1	b-1	Work cooperatively with the American Red Cross, <b>cities, counties, and non-profits</b> to set up memoranda of understanding for use of education facilities as emergency shelters following disasters.	EQ LS WF FL SEC	x								Concord OES	Partnership with Mt. Diablo School District
b-2	b-2	Work cooperatively to ensure that school district personnel and relevant staff understand and are trained that being designated by the American Red Cross or others as a potential emergency shelter does NOT mean that the school has had a hazard or structural evaluation to ensure that it can be used as a shelter following any specific disaster.	EQ LS WF FL SEC	x								Concord OES	Partnership with Mt. Diablo School District
b-3	b-3	Work cooperatively to ensure that school district personnel understand and are trained that they are designated as disaster service workers and must remain at the school until released.	EQ LS WF FL SEC	x								Concord OES	Partnership with Mt. Diablo School District
<b>EDUC - c - Actions Related to Disaster Preparedness and Recovery Planning</b>													
c-1	new	Encourage employees of schools to have family disaster plans and conduct mitigation activities in their own homes.	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency
c-2	c-2	Develop plans, in conjunction with fire jurisdictions, for evacuation or sheltering in place of school children during periods of high fire danger, thereby recognizing that overloading of streets near schools by parents attempting to pick up their children during these periods can restrict access by fire personnel and equipment.	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency
c-3	c-3	Offer the 20-hour basic CERT training to teachers and after-school personnel.	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency
c-4	c-4	Offer the 20-hour basic <b>Student Emergency Response Training (SERT, rather than CERT)</b> training to middle school and/or high school students as a part of the basic science or civics curriculum, as an after school club, or as a way to earn public service hours.	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency
c-5	c-5	Offer the 20-hour basic CERT training course through the Adult School system and/or through the Community College system ( <b>either using instructors with teaching credentials or by making facilities available for classes not run by school personnel themselves</b> ).	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency

### Education Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
c-6	c-6	Develop and maintain the capacity for schools to take care of the students for the first 48 hours after a disaster, and notify parents that this capacity exists.	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency
c-7	new	<b>Develop a continuity of operations and disaster recovery plan using models such as that developed by the University of California Berkeley. (The American Red Cross has a role in promoting this activity, as well, in schools that they plan to use as shelters.)</b>	EQ LS WF FL SEC									Mt. Diablo School District	Not lead agency
<b>EDUC - d- Actions Related to Schools as Conduits for Information to Families About Emergencies</b>													
d-1	c-1	Utilize the unique ability of schools to reach families through educational materials on hazards, mitigation, and preparedness, particularly after disasters and at the beginning of the school year. These efforts will not only make the entire community more disaster-resistant, but speed the return of schools from use as shelters to use as teaching facilities, <b>particularly if coordinated with cities, counties, the American Red Cross and others.</b>	EQ LS WF FL SEC							x		Mt. Diablo School District	Not lead agency
d-2	c-7	Develop and distribute culturally appropriate materials related to disaster mitigation and preparedness, such as those on the <a href="http://www.preparenow.org">http://www.preparenow.org</a> website.	EQ LS WF FL SEC	x								Concord OES	

### Environment Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Priority (CHECK ONLY ONE)										Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments		
			Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered					
<b>ENVI - a - Environmental Sustainability and Pollution Reduction</b>													<b>Blue=2009 updates</b>			
a-1	a-1	Continue to enforce State-mandated requirements, such as the <i>California Environmental Quality Act</i> , to ensure that mitigation activities for hazards, such as seismic retrofits and vegetation clearance programs for fire threat, are conducted in a way that reduces environmental degradation such as air quality impacts, noise during construction, and loss of sensitive habitats and species, while respecting the community value of historic preservation.	EQ LS WF FL DR SEC	x											Public Works/ Engineering and Community Development	
a-2	a-2	Encourage regulatory agencies to work collaboratively with safety professionals to develop creative mitigation strategies that effectively balance environmental and safety needs, particularly to meet critical wildfire, flood, and earthquake safety levels.	EQ WF FL SEC	x											City-wide	
a-3	a-3	Continue to enforce and/or comply with State-mandated requirements, such as the <i>California Environmental Quality Act</i> and environmental regulations to ensure that urban development is conducted in a way to minimize air pollution. For example, air pollution levels can lead to global warming, and then to drought, increased vegetation susceptibility to disease (such as pine bark beetle infestations), and associated increased fire hazard.	LS WF FL DR SEC	x											Public Works/ Engineering and Community Development	
a-4	a-4	Develop and implement a comprehensive program for watershed <b>management</b> optimizing <b>ecosystem</b> health with water yield to balance water supply, flooding, fire, and erosion concerns.	LS WF FL DR SEC							x				Contra Costa Water District	Not lead Agency	
a-5	a-5	Balance the need for the smooth flow of storm waters versus the need to maintain wildlife habitat by developing and implementing a comprehensive Streambed Vegetation Management Plan that ensures the efficacy of flood control efforts, <b>wildfire mitigation</b> and maintains the viability of living rivers.	LS WF FL DR	x					x						Public Works/ Engineering	
a-6	a-8	Comply with applicable performance standards of any <i>National Pollutant Discharge Elimination System</i> municipal stormwater permit that seeks to manage increases in stormwater run-off flows from new development and redevelopment construction projects.	FL	x											Public Works/ Engineering	

### Environment Mitigation Strategies

a-7	a-9	Enforce and/or comply with the grading, erosion, and sedimentation requirements by prohibiting the discharge of concentrated stormwater flows by other than approved methods that seek to minimize associated pollution.	LS FL	x								Public Works/ Engineering	
a-8	a-10	Explore ways to require that hazardous materials stored in the flood zone be elevated or otherwise protected from flood waters.	FL	x								Public Works/ Engineering and Community Development	
a-9	a-11	Enforce and/or comply with the hazardous materials requirements of the State of California Certified Unified Program Agency (CUPA).	EQ LS WF FL SEC	x						x		County HazMat	Not lead Agency
a-10	a-12	Provide information on hazardous waste disposal and/or drop off locations.	EQ LS WF FL SEC	x								Public Works/ Engineering	
a-11	new	<b>When remodeling existing government and infrastructure buildings and facilities, remove asbestos to speed up clean up of buildings so that they can be reoccupied more quickly.</b>	EQ LS WF FL SEC	x								Community Development	Required by State regulations
a-12	a-13	Develop and implement a program to control invasive and exotic species that contribute to fire and flooding hazards (such as eucalyptus, cattails, and cordgrass). <b>This program could include vegetation removal, thinning, or replacement in hazard areas where there is a direct threat to structures.</b>	WF FL		x							Public Works/ Engineering	

### Environment Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
a-13	a-14	Enforce provisions under creek protection, stormwater management, and discharge control ordinances designed to keep watercourses free of obstructions and to protect drainage facilities to conform with the Regional Water Quality Control Board's Best Management Practices.	FL	X								Public Works/ Engineering	Required under our Stormwater Management and Grading and Erosion Control Ordinance as well as the PW Maintenance Annual Creek Cleanup Program- Prior to the rainy season all creeks and drainage ditches are inspected and any debris that could obstruct flows is removed. All 6,000 catch basins are inspected and cleaned prior to the rainy season and historical problem areas are checked and cleared, where necessary, before, during and after all major storm events; inspect/vacuum storm drain inlets and inspect and clean creeks and open drainage ditches.
ENVI - b - Climate Change													
b-1	a-6 + a-7	<b>Stay informed of scientific information compiled by regional and state sources on the subject of rising sea levels and global warming, especially on additional actions that local governments can take to mitigate this hazard including special design and engineering of government-owned facilities in low-lying areas, such as wastewater treatment plants, ports, and airports.</b>	LS WF FL DR	X								Concord OES	
b-2	new	<b>Inventory global warming emissions in your own local government's operations and in the community, set reduction targets and create an action plan.</b>	LS WF FL DR		X							Reuse Project	
b-3	new	<b>Adopt and enforce land-use policies that reduce sprawl, preserve open space, and create compact, walkable urban communities.</b>	LS WF FL DR		X							Community Development	
b-4	new	<b>Promote transportation options such as bicycle trails, commute trip reduction programs, incentives for car pooling and public transit.</b>	LS WF FL DR		X							Reuse Project	

### Environment Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program - Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
b-5	new	Increase the use of clean, alternative energy by, for example, investing in "green tags", advocating for the development of renewable energy resources, recovering landfill methane for energy production, and supporting the use of waste to energy technology.	LS WF FL DR		x							Public Works/ Engineering	
b-6	new	Make energy efficiency a priority through building code improvements, retrofitting city facilities with energy efficient lighting and urging employees to conserve energy and save money.	LS WF FL DR		x							City-wide	
b-7	new	Purchase only Energy Star equipment and appliances for local government use.	LS WF FL DR		x							Public Works/ Engineering	
b-8	new	Practice and promote sustainable building practices using the U.S. Green Building Council's LEED program or a similar system.	LS WF FL DR		x							Public Works/ Engineering	
b-9	new	Increase the average fuel efficiency of municipal fleet vehicles; reduce the number of vehicles; launch an employee education program including anti-idling messages; convert diesel vehicles to bio-diesel.	LS WF FL DR		x							Public Works/ Engineering	
b-10	new	Evaluate opportunities to increase pump efficiency in water and wastewater systems; recover wastewater treatment methane for energy production.	LS WF FL DR							x		Contra Costa Water District/ Central Sanitary District	Not lead Agency
b-11	new	Increase recycling rates in local government operations and in the community.	LS WF FL DR	x								Community Development	Demolition and Recycling ordinance has increased amount of recyclable materials diverting from the landfill
b-12	new	Maintain healthy urban forests; promote tree planting to increase shading and to absorb CO2.	LS WF FL DR	x								City-wide	Multiple awards for Tree City USA
b-13	new	Help educate the public, schools, other jurisdictions, professional associations, business and industry about reducing global warming pollution.	LS WF FL DR							x		Multi-Jurisdictional	Not lead Agency

### Land Use Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Priority (CHECK ONLY ONE)								Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments	
			Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective			Not Yet Considered
<b>LAND - a - Earthquake Hazard Studies for New Private Developments</b>											<b>Blue=2009 updates</b>		
a-1	a-1	Enforce and/or comply with the State-mandated requirement that site-specific geologic reports be prepared for development proposals within Alquist-Priolo Earthquake Fault Zones, and restrict the placement of structures for human occupancy. (This Act is intended to deal with the <i>specific</i> hazard of active faults that extend to the earth's surface, creating a surface rupture hazard.)	EQ	x								Community Development	
a-2	a-2	Require preparation of site-specific geologic or geotechnical reports for development and redevelopment proposals in areas subject to earthquake-induced landslides or liquefaction as mandated by the State Seismic Hazard Mapping Act in selected portions of the Bay Area where these maps have been completed, and condition project approval on the incorporation of necessary mitigation measures related to site remediation, structure and foundation design, and/or avoidance.	EQ	x								Community Development	
a-3	a-3	Recognizing that some faults may be a hazard for surface rupture, even though they do not meet the strict criteria imposed by the Alquist-Priolo Earthquake Fault Zoning Act, identify and require geologic reports in areas adjacent to locally-significant faults.	EQ	x								Community Development	
a-4	new	<b>Ensure that development proposed near faults with a history of complex surface rupture (multiple traces, warping, thrusting, etc.) has larger setbacks than the minimum fifty feet.</b>	EQ						x			Community Development	
a-5	new	<b>Consider imposing requirements similar to the Alquist-Priolo Earthquake Fault Zoning Act for structures without human occupancy if these buildings are still essential for the economic recovery of the community or region.</b>	EQ						x			Community Development	

### Land Use Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Mitigation Status							Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments	
				Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective			Not Yet Considered
a-6	a-4	Recognizing that the California Geological Survey has not completed earthquake-induced landslide and liquefaction mapping for much of the Bay Area, identify and require geologic reports in areas mapped by others as having significant liquefaction or landslide hazards.	EQ	X								Community Development	
a-7	a-5	Support and/or facilitate efforts by the California Geological Survey to complete the earthquake-induced landslide and liquefaction mapping for the Bay Area.	EQ	X								Community Development	
a-8	a-6	Require that local government reviews of geologic and engineering studies are conducted by appropriately trained and credentialed personnel.	EQ	X								Community Development	
<b>LAND - b - Wildland and Structural Fires</b>													
b-1	b-1	Review <b>new</b> development proposals to ensure that they incorporate required and appropriate fire-mitigation measures, including adequate provisions for occupant evacuation and access by emergency response personnel and equipment.	WF	X							X	Contra Costa Fire District	Not lead Agency
b-2	b-2	Develop a clear legislative and regulatory framework at both the state and local levels to manage the wildland-urban-interface consistent with <i>Fire Wise</i> and sustainable community principles.	WF	X							X	Contra Costa Fire District	Not lead Agency
<b>LAND - c - Flooding</b>													
c-1	c-1	Establish and enforce requirements for new development so that site-specific designs and source-control techniques are used to manage peak stormwater runoff flows and impacts from increased runoff volumes.	FL	X								Public Works/Engineering	
c-2	c-2	Incorporate FEMA guidelines and suggested activities into local government plans and procedures for managing flood hazards.	FL	X								Public Works/Engineering	
c-3	c-3	Provide an institutional mechanism to ensure that development proposals adjacent to floodways and in floodplains are referred to flood control districts and wastewater agencies for review and comment (consistent with the NPDES program).	FL	X								Public Works/Engineering	

### Land Use Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
c-4	c-4	Establish and enforce regulations concerning new construction (and major improvements to existing structures) within flood zones in order to be in compliance with federal requirements and, thus, be a participant in the Community Rating System of the <i>National Flood Insurance Program</i> .	FL	x								Public Works/Engineering	This is covered under our Flood Insurance Program, Concord Municipal Code Section 34-31, ed. Seq.
c-5	new	Encourage new development near floodways to incorporate a buffer zone or setback from that floodway to allow for changes in stormwater flows in the watershed over time.	FL	x								Public Works/Engineering	This is covered under our Flood Insurance Program, Concord Municipal Code Section 34-31, ed. Seq.
c-6	new	For purposes of creating an improved hazard mitigation plan for the region as a whole, ABAG, and Bay Area cities and counties, jointly request geographically defined repetitive flooding loss data from FEMA for their own jurisdictions.	FL							x		ABAG	Not lead Agency
<b>LAND - d - Landslides and Erosion</b>													
d-1	d-1	Establish and enforce provisions (under subdivision ordinances or other means) that geotechnical and soil-hazard investigations be conducted and filed to prevent grading from creating unstable slopes, and that any necessary corrective actions be taken prior to development approval.	LS	x								Public Works/Engineering	
d-2	d-2	Require that local government reviews of these investigations are conducted by appropriately trained and credentialed personnel.	LS	x								Public Works/Engineering	
d-3	d-3	Establish and enforce grading, erosion, and sedimentation ordinances by requiring, under certain conditions, grading permits and plans to control erosion and sedimentation prior to development approval.	LS	x								Public Works/Engineering	
d-4	d-4	Establish and enforce provisions under the creek protection, storm water management, and discharge control ordinances designed to control erosion and sedimentation.	LS	x								Public Works/Engineering	

### Land Use Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
d-5	d-5	Establish requirements in zoning ordinances to address hillside development constraints, especially in areas of existing landslides.	LS	x								Public Works/ Engineering and Community Development	
LAND - e - Hillside - Multi-Hazard													
e-1	e-1	For new development, require a buffer zone between residential properties and landslide or wildfire hazard areas.	LS WF	x								Public Works/ Engineering and Community Development	
e-2	e-2	Discourage, add additional mitigation strategies, or prevent <b>new</b> construction <b>or major remodels</b> on slopes greater than a set percentage, such as 15%, due to landslide or wildfire hazard concerns.	LS WF	x								Public Works/ Engineering and Community Development	
LAND - f - Smart Growth to Revitalize Urban Areas and Promote Sustainability													
f-1	f-1	Prioritize retrofit of infrastructure that serves urban areas ( <b>or urban services areas</b> ) over constructing new infrastructure to serve outlying areas.	EQ LS WF FL DR SEC	x									
f-2	f-2	Work to retrofit homes in older <b>urban neighborhoods</b> to provide safe housing close to job centers.	EQ LS WF FL DR SEC	x								Community Development	
f-3	f-3	Work to retrofit older downtown areas <b>and redevelopment districts</b> to protect architectural diversity and promote disaster-resistance.	EQ LS WF FL SEC	x								Community Development	
f-4	f-4	Work with non-profits and through other mechanisms to protect as open space <b>those</b> areas susceptible to extreme hazards ( <b>such as through land acquisition, zoning, and designation as priority conservation areas</b> ).	EQ LS WF FL SEC	x								Reuse Project/ Community Development	

### Land Use Mitigation Strategies

2009 Strategy Code	Original Strategy Number	Specific Mitigation Strategy	Applicable Hazards	Existing Program	Existing Program, underfunded	Very High - Unofficial Program-Becomes Official on Plan Adoption, no funding needed	High - Actively Looking for Funding	Moderate	Under Study	Not Applicable, Not Appropriate, or Not Cost Effective	Not Yet Considered	Responsible Agency or Department (Required if Existing Program, Existing Program under funded, Very High, High, or Under Study)	Ordinance or Resolution # (if existing program), Estimated Cost and Possible Funding Agency (if high priority), Estimated Date of Completion (if study), WHY if not same as regional priority, OR Other Comments
f-5	f-5	Strive to provide preserve existing buffers between development and existing users of large amounts of hazardous materials, such as major industry, due to the potential for catastrophic releases <b>or fires</b> due to an earthquakes, <b>accidents</b> , or terrorism. (Flooding might also result in release or spread of these materials, however it is unlikely.) <b>In areas where buffers do not exist or cannot be created, provide alternative mitigation.</b>	EQ LS WF FL SEC							<b>x</b>		Public Works/ Engineering	We have no large users of hazardous materials
LAND - g - Hazard Abatement Districts													
g-1	new	<b>Use hazard abatement districts as a funding mechanism to ensure that mitigation strategies are implemented and enforced over time.</b>	EQ LS WF FL						<b>x</b>			City-wide
