

City of Concord FY 2019/20 Consolidated Annual Performance Evaluation Report (CAPER)

CR-05 - Goals and Outcomes

The City has made significant progress in meeting the goals and objectives contained in the 2015/20 Consolidated Plan. CDBG-funded public service projects provided a wide range of social services and assistance to more than 26,000 residents and households, including the homeless, mentally and physically disabled, seniors, victims of domestic violence, and other special needs populations. Concord continues to focus on outcome-based performance measurements as a means to ensure that needed services are delivered and that the results can be easily quantified. The City is currently completing the fifth and final year of the 2015/20 Consolidated Plan period and anticipates meeting or exceeding every goal/objective.

Funding for the City's ADA Transition Plan provided curb and sidewalk improvements that removed barriers that restrict mobility and accessibility of elderly or disabled persons. The City installed 30 curb ramps, providing mobility impaired residents and visitors new and safer access to local services and businesses.

The City's Housing Rehabilitation Loan and Grant Program provided seventeen (17) grants to low-income homeowners for needed repairs and improvements. Fifteen of the homeowners were elderly, eleven were disabled and thirteen were low- to extremely-low income. Needed repairs included roof replacement, plumbing repairs, sewer replacement, water heaters and accessibility features such as ramps, handrails, grab bars and step-in showers.

The City also provided funding for Economic Development. Low-income existing and emerging small businesses were assisted with business plan development, financial planning and applying for business licenses, allowing them to achieve self-sufficiency by starting or growing a micro-enterprise. CDBG funds were focused on the development and support of small businesses, which in future years will provide additional jobs in the City.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
AH-1 Existing Housing Stock	Affordable Housing	CDBG: \$ / Revolving Loan Funds: \$150000	Homeowner Housing Rehabilitated	Household Housing Unit	125	93	74.40%	30	17	56.67%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City identified a number of high priorities for FY 2019/20 and made excellent progress in meeting the objectives and goals submitted in the FY 2015/20 Consolidated Plan. Special effort has been made to help preserve affordable housing and maintain Concord’s older housing stock, which is predominately owned by the elderly. Through the Housing Rehabilitation Loan and Grant Program the City provides emergency repair grants to \$15,000 and loans to \$75,000 to income-qualified homeowners. The number of loans and grants available is limited by the amount of funds and the needs of the City’s older housing stock. The City was able to

provide seventeen grants to low-income homeowners, fifteen (15) of them seniors.

The City's older homes are often owned by elderly residents who purchased their homes many years ago. These residents are typically on fixed incomes and may not have the means to perform regular maintenance and repairs or to qualify for traditional home repair loans. In recent years the cost of construction has increased dramatically due to the rising cost of lumber and other supplies. This has had an impact on the number of residents who can be assisted as the cost of each individual project has increased.

Concord provided funds for Economic Development with the goal of reducing the number of persons with incomes below the poverty level, expanding economic opportunities for low-income residents, and increasing the viability of neighborhood commercial areas. Contra Costa County's Workforce Development Board and Monument Impact, a local nonprofit, received CDBG funds to assist the low-income owners of existing and emerging small businesses. The Child Care Council received Child Care Developer Fees (CCDF) to provide microenterprise assistance to very low to moderate-income Concord residents who want to maintain or start stable small businesses as licensed home-based family child care providers.

The City does not currently fund Youth Services through CDBG. Concord uses Child Care Developer Fees to fund the Mt. Diablo School District CARES After School Program, which provides activities, homework assistance and healthy snacks to elementary and middle school students.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG
White	11,730
Black or African American	2,498
Asian	1,843
American Indian or American Native	369
Native Hawaiian or Other Pacific Islander	182
Total	16,622
Hispanic	5,858
Not Hispanic	10,764

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

HUD reporting requirements for race and ethnicity include five additional categories not reflected above. City CDBG funds also provided services to residents self-identifying as American Indian/White, Asian/White, Black/White, American Indian/Black and Other Multi-Racial for a total of more than 26,000 residents. Please see Exhibit A-1 for specific race/ethnicity data by project.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	1,060,104	1,022,826
Other	public - federal	195,570	55,683
Other	public - local	195,570	55,683

Table 3 - Resources Made Available

Narrative

In addition to CDBG funds, the City allocated \$40,000 in Child Care Developer Fees (CCDF) specifically to support child day care services. The Mt. Diablo School District CARES After School program received funding to provide after school activities to more than 1,000 youth. CocoKids received CCDF to provide support and training to local family day care providers in Concord.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
City of Concord	100	100	Citywide

Table 4 – Identify the geographic distribution and location of investments

Narrative

Concord does not allocate funds on a geographic basis. Funds are allocated throughout the City to respond to priority needs. The City will prioritize the use of its CDBG funding for the conservation of affordable housing for low-income households and to address homelessness. Infrastructure improvements will be focused on those city-wide barrier removal priorities noted in the City’s ADA Transition Plan. Investments in public facilities and services serving special needs populations and low to moderate income persons will be made by allocating funds to local organizations that provide services to low-income households throughout the City.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

During FY 2019/20, CDBG funds leveraged almost \$23 million from local resources and agency matching funds to accomplish the housing and non-housing objectives identified in Concord's Consolidated Plan. CDBG funds are often coupled with local funds, allowing projects to compete for additional funding provided by tax credits, bonds, and state financing programs. An investment by the City makes projects more competitive in various funding competitions. Although all sources and types of funds are more limited due to the current economic climate and the demise of statewide redevelopment tax-increment funds, the City will continue to search for additional sources of funding from local, state, federal, and private sources. To help leverage resources, the City requires a 15% match for all projects funded up to \$10,000, and a 20% match for all projects over \$10,000. Matching funds for these projects typically include other federal or state funds, or private funds from foundations and donations. Please see Exhibit A-2 for leveraging information by project.

There is no publically owned land in Concord that may be used to address identified needs however, Concord is currently developing a Reuse Plan for the 5,028 acre Inland Area of the Concord Naval Weapons Station, which is expected include 12,000 new residential units, 25 percent of which will be affordable housing.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	0	0
Number of Special-Needs households to be provided affordable housing units	0	0
Total	0	0

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	30	7
Number of households supported through Acquisition of Existing Units	0	0
Total	30	7

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City made significant progress in meeting the goals and objectives contained in the 2015/20 Consolidated Plan and the 2019/20 Action Plan. Problems in meeting those goals are primarily the result of the limited funding available and the increased housing costs in today's market.

The City did not provide rental assistance for tenants for the funding cycle 2017/20 due to limited funding available under the Public Services cap. The City allocated \$350,000 in CDBG and

Revolving Loan Funds to be used for housing rehabilitation grants and loans. As discussed previously, the City provided seventeen (17) grants to low-income households for the repair of health and safety issues in their homes. The number of homeowners that can be assisted is limited by the amount of funds available. In addition, the number of contractors willing to bid on these small projects on a reimbursement basis is very limited, making it difficult to move projects along in a timely manner.

On May 23, 2017, the Concord City Council adopted Ordinance No. 17-7, establishing a Chapter 19.40 Residential Rent Review Program of the Concord Municipal Code. The Rent Review Program became effective in June, 2017. It allows tenants who experience rent increases exceeding 10 percent in a 12-month period to seek non-binding conciliation and mediation services through a housing counselor retained by the City. In the event that the conciliation and mediation services do not result in a resolution to the conflict over the rent increase, tenants have the option of seeking non-binding arbitration at a public meeting through a three-member Rent Review Panel appointed by the City Council. Participation in the conciliation, mediation and public arbitration process is mandatory for property owners.

The Ordinance applies to all Concord rental properties with three or more rental units, except in triplexes in which one of the units is owner-occupied and in rental units owned or operated by any government agency or whose rent is subsidized through any government program.

In spring, 2020, Concord City Council voted to repeal the Residential Rent Review Program, effective June 30, 2020. On July 7, 2020, the City Council adopted the Residential Tenant Protection Program ordinance, which will be included in the FY 2020/21 CAPER.

Concord has a long history of supporting the construction and conservation of affordable housing. In June, 2018, Concord allocated \$5.5 million in City Affordable Housing Funds to Resources for Community Development (RCD), a nonprofit housing developer, for the new construction of 44 units. In May, 2019, City Council allocated an additional \$2.3 million for a total of \$7.8 million to allow RCD to acquire an adjacent property and increase the size of the project to 62 units. When completed, the complex will serve low income residents at 30% to 60% of AMI.

Concord is currently developing a Reuse Plan for the 5,028 acre Inland Area of the Concord Naval Weapons Station, which was created by the Navy in the 1940s during World War II. The Inland Area of the base was deactivated in 1997 and declared surplus property by the Navy in 2007. The development of the area represents a significant opportunity for the City. The Reuse Plan will improve the quality of life for residents of Concord and the region through creation of new jobs, a variety of housing types, significant open space, preservation of natural resources, active parks, pedestrian and bike trails and community facilities. The project is expected include 12,000 new residential units, 25 percent of which will be affordable housing.

Discuss how these outcomes will impact future annual action plans.

In FY 2019/20, Concord allocated CDBG funds for the Housing Rehabilitation Loan and Grant program. Due to the rising cost of construction and repairs it is difficult to adequately meet the needs of the City’s aging housing stock. In May, 2018, the City Council adopted Resolution No. 18-36 which increased the maximum grant amount of the Housing Rehabilitation Grant Program from \$10,000 to \$15,000, increased the maximum loan amount of the Housing Rehabilitation Loan Program from \$55,000 to \$75,000 and decreased the 35-day payment retention to contractors from 20% to 5%. These changes allowed the City to better serve the needs of low-income homeowners but has reduced the number of residents that can be assisted.

The Residential Rent Review program provides an avenue for tenants and landlords to resolve differences over rent increases. Anecdotal evidence suggests that local landlords are keeping rent increases at or below 10% to avoid triggering the rent review process. Maintaining affordable rents will make it easier for low-income residents to retain their housing.

As the Naval Weapons Station Reuse Plan is developed the resulting affordable housing units will be included in future action plans. The development will provide a variety of services for homeless and low-income individuals and families, including emergency shelter and housing, and will be reported in future action plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	8	0
Low-income	5	0
Moderate-income	4	0
Total	17	0

Table 7 – Number of Households Served

Narrative Information

Along with the greater Bay Area, Concord is faced with rapid increases in the cost of rental housing without a corresponding increase in wages for low-income earners. The City will continue to support the preservation of affordable housing by funding needed home repairs for low income homeowners, providing funds for financial assistance to help prevent homelessness or to quickly rehouse the homeless, and by supporting economic development to promote self-sufficiency. Special needs groups such as elderly/frail elderly, persons with disabilities, persons who suffer from alcohol and other drug addictions, persons who are victims of domestic violence and persons living with HIV/AIDS are at an especially high risk of homelessness. Due to their special needs and/or circumstances, they may have difficulty accessing affordable housing and face obstacles created by lack of income. The City of Concord will continue to provide CDBG and local funds to programs that improve the quality of life for residents with special needs.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Contra Costa Continuum of Care uses a number of strategies to reach out to unsheltered persons experiencing homelessness and assess their individual needs, including direct outreach and marketing, the use of phone-based services including the 211 line, marketing in other languages (e.g., Spanish), making physical and virtual locations accessible to those with disabilities, and collaborating with local law enforcement.

Outreach Services: As a part of the Contra Costa Coordinated Entry System, CORE (Coordinated Outreach, Referral and Engagement) Teams serve as an entry point into the homeless system of care, providing both day and evening outreach resources and services to encampments and service sites. Concord provides CDBG, CPHHCD and other local funds to provide dedicated homeless outreach services in the City 20 hours per week. The outreach teams seek out individuals on the street and in encampments and provide clients with access to food and shelter, and to integrated health, mental health and substance abuse services.

Health Care for the Homeless: In addition to providing direct medical care, testing and immunization services, the County-funded Health Care for the Homeless Program uses its mobile healthcare van for outreach. The bilingual Healthcare for the Homeless Team assesses client's needs, provides social support, and links clients to appropriate services and programs.

Addressing the emergency shelter and transitional housing needs of homeless persons

Crisis services, including emergency shelter and transitional housing, are a critical component of the Contra Costa Coordinated Entry System. For individuals and families experiencing a housing crisis that cannot be diverted, CORE Teams and CARE Centers make referrals to over 900 emergency shelter and transitional housing beds throughout Contra Costa County. In keeping with a Housing First approach, the goal of Contra Costa's crisis response system is to provide immediate and easy access to safe and decent shelter beds, when available, to the most vulnerable unsheltered people, including those that are chronically homeless, with the housing-focused goal of re-housing people as quickly as possible. Contra Costa CoC has established system-level performance measures for emergency shelter, including reducing the average length of stay increasing exits to permanent housing and increasing non-returns to homelessness.

Under HUD's 2019 CoC Program NOFA, the County CoC obtained an award \$16,665,017, the majority of which supports funding for outreach, rental assistance, and housing navigation and placement into permanent and permanent supportive housing for the most vulnerable, including seniors, chronically homeless individuals, and for survivors of domestic violence and their children.

County CoC Strategic Plan and System Modeling: In October 2014, the Contra Costa CoC updated its Strategic Plan to End Homelessness. The City's Housing Manager participated in the updating process as a member of the CoC Board and has served on various CoC subcommittees focused on five key modules: coordinated intake and assessment, performance measurement, prevention services and other supports, housing and communication.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Contra Costa CoC has implemented a triage tool used by 211 and other crisis service entry points into our system to identify clients on the brink of homelessness and connect them to prevention, mainstream services, and diversion services. In 2019 the CoC also implemented rapid resolution services to assist clients at the system access points move towards early alternate stable housing options and reduce inflow and length of time in the homeless system. In 2020 rapid resolution services, which also includes landlord-tenant mediation, was scaled to allow all service providers to use those strategies to help clients at any stage. Rapid Resolution services have also been paired successfully with the CoC's flexible housing pool (Housing Security Fund), to provide financial assistance that may be necessary to secure those alternate housing options, including short term rental assistance and utility arrears.

There is significant cross system collaboration including with hospitals and clinics, Department of Probation, law enforcement, and the Office of the Public Defender. H3 and other CoC partner agencies work closely with those systems, agencies and the County Employment and Human Services Department to ensure affordable housing and social services are available to individuals who are at risk of discharge into homelessness or unstable housing.

In cooperation with the local VA, Contra Costa's CoC has worked to increase its capacity to house and serve homeless veterans, including the distribution of HUD-VASH vouchers and rental assistance for permanent housing units provided to homeless veterans and their families under the Supportive Services for Veteran Families (SSVF) program. Concord's Housing Manager serves on Contra Costa County's SSVF Homeless Veteran Planning Group.

Access to Affordable Housing: The City has a long history of working with non-profit housing developers and encouraging the inclusion of units affordable to households with extremely-low incomes and those with special needs. Concord is currently developing a Reuse Plan for the 5,028 acre Inland Area of the Concord Naval Weapons Station, which was created by the Navy in the 1940s during World War II. The project is expected include 12,000 new residential units, 25 percent of which will be affordable housing.

Construction of Affordable Housing: In February, 2018, Concord released a Notice of Funding Availability (NOFA) for \$14 million in affordable housing funds to be used toward further actualizing Concord's opportunities for quality affordable housing. The City accepted a proposal

from Resources for Community Development (RCD) for the new construction of 62 affordable units. It is anticipated that the project will be completed within the current RHNA cycle.

The City continues to work with the Contra Costa Public Housing Authority (PHA) and local affordable housing developers to maximize the inventory of affordable housing units to which formerly homeless clients can eventually transition.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Contra Costa CoC uses the VI-SPDAT (which includes length of homelessness as measure of vulnerability) to help prioritize the most vulnerable people for available Permanent Supportive Housing. This process is used to prioritize individuals and families for Rapid Rehousing and permanent housing options, including Permanent Supportive Housing for individuals and families with high needs. Available housing is also prioritized for persons who have been homeless longest. The CoC and homeless services providers are committed to reducing length of time persons are homeless by reducing barriers to housing and services using a Housing First approach.

Chronically Homeless: Chronically homeless consumers are generally the most difficult to move from the streets and back into housing. The county tracks chronicity in a By-Name List. As of 2018 the number of chronically homeless individuals ranged from a low of 700 to a high of almost 850 since March and monthly in-flow ranged from 104 to 159. This large in-flow and low housing placements results in an increasing number on the monthly Chronic By-Name List. In FY19/20 the County continued using funding from the HUD CoC-funded County project for High Utilizers of Multiple Systems (HUMS) pending the construction of microunits for the project participants. This allowed for chronically homeless high needs individuals to benefit from stable permanent housing even before the project building was complete.

Families with Children: Families experiencing a housing crisis who cannot be diverted are connected to crisis services and assessed for permanent housing using the Family VI-SPDAT. Using a Housing First approach, the CE Manager makes referrals to services and housing based on the prioritization to ensure the most vulnerable are first matched to resources that meet their needs. As of FY19/20 there are three large Rapid Rehousing projects dedicated to families with children.

Veterans: As part of their involvement in the Built For Zero campaign, the Contra Costa CoC focused on improving connections between the Veteran and homeless systems of care by facilitating data sharing between programs to better assess the number of veterans being housed each month in the community. All CoC program-funded providers, including outreach teams, assess veteran eligibility using a standardized HMIS intake form and qualifying clients are referred to veteran services using the coordinated entry system and HMIS database.

Unaccompanied Youth: When foster youth age out of the foster care system, the County links them to the Independent Living Skills Program (ILSP). ILSP includes workshops that prepare youth for emancipation (money management, education, computer skills, home management, and social skills), employment assistance, non-McKinney-Vento housing and retention services, and an individualized transition plan out of foster care.

Reentry Population: Over the past two years, the CoC has developed and scaled multiple projects with criminal justice system agencies to connect people reentering the community after incarceration, with prevention and rapid resolution services, specialized housing navigation services and housing.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

There are no Public Housing Units in the City of Concord. The Housing Authority of Contra Costa County (HACCC) assists Concord residents through the Section 8 Existing Housing Program. Section 8 Certificates/Vouchers allow very low-income (below 50% of area median income) families to pay no more than 30% of their income on housing. The HACCC contracts with rental housing property owners to pay the difference between what tenants can afford and fair market rents

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The City of Concord provides funds for the Below Market Rate and First Time Homebuyer programs, which specifically target low-income residents, including those who are exiting public housing assistance programs. These programs are widely marketed through various support services and programs throughout the City

Actions taken to provide assistance to troubled PHAs

Concord residents are assisted through the Housing Authority of Contra Costa County (HACCC) with Section 8 certificates and vouchers. This program is well run and has provided excellent service and support to low-income City residents.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The Housing Element Update adopted by the Concord City Council on January 6, 2015, included Program H-1.2.3, which promoted development of housing in the Downtown that is affordable to households at a range of income levels (extremely-low, very-low, low, moderate, and above moderate incomes). In 2019, the City allocated a total of \$7.8 million to Resources for Community Development for the construction of a 62 unit (61 of which would be income-restricted) affordable housing development located in Concord's Downtown area.

Policy H-1.3 promoted the development of single-family homes that are affordable to very low, low & moderate-income households in all new single-family developments as well as in existing single-family neighborhoods. In 2019, The City entitled 5 new single family homes affordable to moderate income households. The City further provided first-time homebuyer funds to five new households earning between 60 to 100% AMI.

Program H-1.4.2 encouraged allowing secondary units in the single-family districts in accordance with State law. In October 2019, the City was awarded \$310,000 in California State Planning Grant Program grants to encourage the construction of secondary units in Concord by offering pre-approved architectural plans to the public and a streamlined approval process through the City's Planning Division.

Program H-1.4.4, which encouraged City cooperation with the Contra Costa Water District (CCWD) to determine if the fees charged by both jurisdictions for new secondary living units could be reduced to encourage more affordable housing. The study concluded that fees for new service for the small, detached secondary living units could be reduced by approximately \$5,000. This program is currently in effect.

Program H-1.4.4 also encouraged the City to evaluate its fees for second units to determine if the fees could be "scaled" so that small units or units created through conversion of habitable space are charged at a lower commensurate rate than larger units. This included a reduction in impact fees for small secondary living units of approximately \$5,000. The Program also included an amnesty program to bring unpermitted units into compliance through the building permit process without fee penalties. Square footage requirements were expanded to allow for smaller as well as larger units ranging from 150 sq.ft. to a maximum of 1200 sq. ft. This program is currently in effect.

Program H-1.5.8 encouraged the City to prepare an update to the Nexus Study for the City's Housing In-Lieu Fee and adopt a new fee rate based on the updated study that is equal to or less than the maximum fee identified through the study, in order to generate additional City funds that can be utilized to facilitate affordable housing production. On November 29, 2016, the City

Council amended the Master Fees and Charges Schedule to increase In-Lieu fees for ownership units within the City's Inclusionary Housing Program, effective on January 1, 2017.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The primary concentration of minority and low-income population in Concord is in the Monument Corridor, a triangular area between Highway 242 and Monument Blvd., up to Concord Avenue. This area lies within census tracts 3361, 3362, and 3280.

This area has been identified by the Concord City Council and targeted by the United Way of the Bay Area, the Hospital Council (John Muir/Mt. Diablo Community Health Fund), Contra Costa County Health and Human Services and other organizations as an area of substantial need for community resources.

The City was a key partner in the development of the Monument Community Partnership (MCP), which took shape in 1998 to make recommendations on improving the quality of life for families and children in this community. MCP includes many service providers, health agencies, county agencies, schools and communities of faith working within the Monument Corridor, as well as many of the major businesses and apartment owners, fair housing service providers, and police. In 2011, MCP merged with the Michael Chavez Center for Economic Opportunities and in 2014 changed their name to Monument Impact. This partnership has made tremendous inroads in coordinating and beginning to change institutional practices in the Corridor and the City continues to be an active partner.

Concord continues to support programs that benefit the underserved populations and those residents most at-risk, providing funding for programs across the city through the CDBG program, the Concord/Pleasant Hill Health Care District and through Child Care Developer Fee

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

In November 2007, the City of Concord was awarded a Lead Hazard Control grant by HUD totaling \$1,389,228 over a three year period. Using a comprehensive strategy, the City clearly identified all single family and multi-family housing stock built before 1979 that had the possibility of being contaminated by lead-based paint. The older housing stock was mapped by decade. The City conducted extensive outreach and provided education about the hazards of lead poisoning and lead-based paint. This strategy targeted lower income Monument Corridor residents and homeowners of houses built before 1979, and provided training and outreach to day laborers who often do rehabilitation and construction, to day laborer housecleaners who often work in cleaning up after rehabilitation, and to the general public. Owners of multi-family properties built before 1979 were also contacted directly and given information about health hazards associated with lead-based paint and the methods and resources for lead based paint stabilization and abatement. It is estimated that, through this program, the City was able to address a large percentage of the lead hazards in homes in Concord.

Since the end of the grant period Concord has continued to address lead based paint hazards citywide through the Homeowner Rehabilitation Loan and Grant Program. Each loan and grant

application received is assessed for lead based paint. If remediation is triggered then a parallel process for lead based paint is followed for the application, which includes a separate property evaluation, inspection, report, work write-up, bid process, contractor evaluation and selection, separate execution and clearance of the work, and separate documentation and record keeping to satisfy federal regulations.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Reducing the number of persons living below the poverty level within the City of Concord requires a comprehensive approach to poverty that includes: access to housing of choice unimpeded by discrimination; availability of affordable housing; job opportunities that require limited educational background and/or work experience as well as jobs that offer opportunities for growth and advancement and a living wage; opportunities for people with disabilities to move freely, live independently, and become or remain financially independent to the best of their abilities; access to health care for individuals, families, and children; safety nets for those balancing precariously on the economic edge, including seniors, single-parent families, minimum-wage earners, and others; and provision of life's basic requirements, such as food, shelter, and clothing, for those without these necessities. In FY 2019/20, the City also provided funds for Economic Development activities that enable low-income small business owners to start or grow their businesses, leading to greater self-sufficiency.

The City Council, Community Services Commission, and City staff embrace a holistic approach to addressing these issues as they meet to plan each year's funding allocations. Guided by community input shared in Public Hearings and in community-wide surveys, needs are heard, priorities are determined, and funds are allocated.

However, general economic conditions, the foreclosure crisis, and increased costs of rent, health care and food are resulting in greater numbers of people in need of even the most basic services, such as food pantry and hot lunches. Unfortunately, CDBG funds for public services are capped at 15%, and many more people are not served because of this restriction.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City of Concord works within an institutional structure, which includes private industry, nonprofit organizations, and public institutions, to carry out its housing and community development plan.

The Contra Costa County HOME Consortium is comprised of the County Conservation and Development Department's staff and the cities of Antioch, Concord, Pittsburg, and Walnut Creek. The City of Concord is an active member of the Consortium, and works with it to streamline CDBG processes for non-profit recipients. The Consortium meets quarterly to share information and work on ways to overcome gaps between our respective institutional structures and enhance coordination of funding and service delivery throughout the County. Working together to support mutual projects has developed the Consortium members into a close, supportive team who have a much better understanding of each other's challenges and needs.

Consortium members utilize a single grant application used by all jurisdictions; a single monitoring form with joint monitoring of agencies and shared results with other members; a joint grant process and joint meetings for all applicants and recipients of funding; quarterly or greater Consortium meetings; and increased technical assistance to nonprofits through individual meetings and workshops. Consortium members have continually streamlined processes to benefit agencies and to reduce our administrative costs, effectively channeling additional funds to our communities.

Since 1998, the City has been actively involved in the Monument Community Partnership that targets the geographic area in Concord known as the Monument Corridor. This area is listed as one of the areas of highest need in Contra Costa County. This nonprofit initiated collaboration between public and private agencies to provide resources in health, housing, education and economic development to the low-income population of the Monument Corridor. City staff has sat on the Board of Directors since its inception.

The City has embraced a style of governance known as Community Oriented Government (COG). COG is based on a philosophy that recognizes the interdependence and shared responsibility of the City government and the community in making Concord a city of the highest quality, continually enhancing the safety, environment, quality of life, and economic vitality of our city. It is a method of governance that encourages partnerships to identify community issues, determine resources, and apply innovative strategies designed to create and sustain healthy, vital neighborhoods. The five building blocks that are key to Community Oriented Government are partnerships, empowerment, problem solving, accountability, and customer orientation. The COG approach is founded on collaboration, both internally and externally, and responsiveness to internal and external consumer needs. This approach helps to reduce gaps inherent in institutional structures such as city government by increasing communication, developing partnerships, and enhancing coordination.

Participation in the Contra Costa Council on Homelessness enhances coordination of efforts to improve neighborhoods and overcomes gaps between governmental institutional structure and entire community. The City's Housing Manager was a member of the Executive Board of the Council for many years and continues to serve on subcommittees as needed.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

There are no Public Housing Units in the City of Concord. The Contra Costa Housing Authority assists Concord residents through the Section 8 Housing Program. Section 8 Certificates/Vouchers allow very low-income (below 50% of area median income) families to pay no more than 30% of their income on housing. The Contra Costa Housing Authority contracts with rental housing property owners to pay the difference between what tenants can afford and fair market rents.

Concord's Housing Manager has served on the Board of the Contra Costa Council on Homelessness along with the Housing Authority's Executive Director and representatives from a variety of agencies that provide housing services, ensuring ongoing communication regarding the

housing needs of residents.

The City allocates CDBG funds to ECHO Housing to provide Fair Housing services to local residents to help them acquire and maintain their housing. Concord also funds Bay Area Legal Aid for Tenant/Landlord Services.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

In FY 2009/10, City staff, as part of the Contra Costa Consortium, helped to prepare the Analysis of Impediments to Fair Housing Choice (AI). The City, along with the other Consortium members, completed an update to the AI in July, 2017. Over the past year, the City has continued working with its Subrecipients to help overcome or eliminate impediments to fair housing choice identified. The specific AI recommendations addressed this year are as follows:

Action 1.1: Concord contracts with Habitat for Humanity, a non-profit housing agency, to administer the City's Housing Conservation Program, which provides grants and loans for home repairs to low-income homeowners of single family homes and mobile homes.

The Concord Reuse Plan Area Plan includes a commitment toward affordable housing with a stated requirement of 25% of the overall units (12,200) targeted as affordable. The Concord City Council selected community members to serve on a newly-formed CNWS Community Advisory Committee (CAC). The purpose of this committee is to serve as an advisory body to provide input and encourage public participation during the development of a Specific Plan. The following key milestones must be reached before development can begin on the former CNWS: property conveyance from the Navy to the City, Disposition and Development Agreement (DDA), Specific Plan and Infrastructure Master Plan, and permitting. Progress toward receiving a variety of permits required for site development continues, including Environmental Permitting, National Historic Preservation, and the U.S. Army Corps of Engineers Federal Clean Water Act (Section 404). Once these major activities are complete, site development can begin.

Action 2.1: In 2017, the Contra Costa Housing Authority agreed to prioritize qualified homeless individuals for Housing Choice Vouchers. Local agencies are working with property managers across the County to house these individuals.

Action 4.2: Concord contracts with Hello Housing to assist qualified low-and moderate-income individuals with the purchase of their first home. FTHB loan funds are to assist with down payment and/or closing costs. Households earning at or below 60% of AMI are eligible for up to a \$40,000 loan, while those earning between 61% and 80% of AMI are eligible for up to a \$30,000 loan.

Action 6.1: ECHO housing and its partner agencies spoke at and distributed fair housing literature at events throughout the City. Outreach was focused on low income communities, many with significant numbers of Spanish speaking and other non-English speaking residents.

Action 7.1: As the City's Fair Housing provider, ECHO Housing opened 59 cases with the following results: 48 cases were counseled; 11 cases were investigated; 1 case referred to DFEH/HUD; 1

case successful conciliation; 7 cases no evidence found; 2 cases education provided to landlord.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Concord CDBG staff closely monitors and reviews agency activities during the program year. This process begins with a detailed contract which outlines performance objectives and reporting requirements. Quarterly reports are thoroughly reviewed to ensure that agencies are on track to achieve their performance outcomes, and that they are serving eligible clients that represent Concord's diversity. Quarterly Sources and Uses reports are compared to budgets to verify the need for CDBG funding and ensure that fundraising goals are on track. Quarterly Requests for Reimbursement are carefully reviewed to ensure compliance with applicable OMB circulars and HUD regulations. CDBG staff is in close communication with agency leadership and program staff throughout the year. Finally, staff ensures ongoing compliance by monitoring various CDBG Subrecipients annually and sharing monitoring results of mutually-funded programs with Consortium members.

The City of Concord is knowledgeable of and complies with CDBG program and comprehensive planning requirements. Community Services Division activities are based on a HUD-approved Consolidated Plan spanning the years from 2015/20, including priorities for funding and meeting goals and objectives established in that document. Concord participated with the Consortium to produce a joint Analysis of Impediments which was adopted as part of the 2010/15 Consolidated Plan and an update to the AI that was accepted by Council in July, 2017. It guides actions taken to ensure fair housing and equal access to all Concord residents. The 10-Year Plan to End Homelessness in Contra Costa County was consulted before the fund allocation process began to determine the highest funding priorities for homeless and other populations with special needs.

Fostering, producing, and maintaining housing that is affordable to a wide spectrum of Concord residents has been a commitment by the City of Concord for decades. Barriers to affordable housing have been addressed by a variety of planning and funding considerations, and will continue to be a focus of the City.

Annual Action Plans and Consolidated Annual Performance and Evaluation Reports (CAPER) are thorough, timely, and have been accepted by HUD. NEPA Environmental Reviews procedures are followed for every funded activity. Monitoring of sub-recipients is conducted on a regular schedule using standards and procedures that are shared by other members of the Consortium. Finally, Concord is prompt in drawing down federal funds and expediting capital and other projects, with a fund balance to meet the 150% maximum.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Community Services Commission, the citizen's advisory body that makes CDBG funding recommendations to the City Council, meets monthly in properly noticed public meetings. The public is invited to attend and may address the Commission during public comment.

As required by the City's Citizen Participation Plan, the FY 2019/20 CAPER legal notice was published and the document was available on the City's website for a 15-day public review beginning October 23, 2020.

No public comments were received.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No changes were made to Concord's program objectives during 2018/19. The Action Plan was developed with the input of the community and targeted those most in need. The local agencies that received funding have made excellent progress in meeting the needs of the City's residents and helping to create an environment that is safe, healthy, and promotes self-sufficiency.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No changes were made to Concord's program objectives during 2019/20. The Action Plan was developed with the input of the community and targeted those most in need. The local agencies that received funding have made excellent progress in meeting the needs of the City's residents and helping to create an environment that is safe, healthy, and promotes self-sufficiency.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

In the matter of

Contra Costa Times

I am a citizen of the United States. I am over the age of eighteen years and I am not a party to or interested in the above entitled matter. I am the Legal Advertising Clerk of the printer and publisher of the Contra Costa Times, a newspaper published in the English language in the City of Walnut Creek, County of Contra Costa, State of California.

I declare that the Contra Costa Times is a newspaper of general circulation as defined by the laws of the State of California as determined by court decree dated October 22, 1934, Case Number 19764. Said decree states that the Contra Costa Times is adjudged to be a newspaper of general circulation for the City of Walnut Creek, County of Contra Costa and State of California. Said order has not been revoked.

I declare that the notice, of which the annexed is a printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to wit:

10/23/2020

I certify (or declare) under the penalty of perjury that the foregoing is true and correct.

Executed at Walnut Creek, California.
On this 23th day of October, 2020.

Notice Of Availability for Public Review and Comment - City of Concord FY 2019/20 Consolidated Annual Performance and Evaluation Report (CAPER)

TO ALL INTERESTED AGENCIES, GROUPS AND
PERSONS

NOTICE IS HEREBY GIVEN that pursuant to the provisions of 24 CFR 91.105 of the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) Program, the City of Concord has completed and made available for public review and comment its FY 2019/20 Program Year CAPER. This report contains the City's assessment of its accomplishments in the use of CDBG and other funds toward carrying out the program's National Objectives of Benefits to low- and moderate-income persons.

The FY 2019/20 CAPER is available for public review and comment. The CAPER can be accessed via the City's website, at <https://ca-concord.civicplus.com/439/Grants-Forms-Reports>. To be included in the City's report to HUD, all public comments relative to the CAPER must be submitted to the City of Concord no later than Friday, November 6, at 5:00 p.m. Comments may be submitted by mail, email, or fax to: Brenda Kain, Housing Manager, City of Concord, 1950 Parkside Drive MS/10A, Concord, CA 94519. Telephone (925) 671-3088, Fax (925) 798-0636, e-mail brenda.kain@cityofconcord.org.
