INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
City of Concord Joint Powers Financing Authority
Concord, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Concord Joint Powers Financing Authority (Authority), a component unit of the City of Concord, California, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority, as of June 30, 2016, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As described in Note 1 to the financial statements, the Authority adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statements No. 72, *Fair Value Measurement and Application*, effective July 1, 2015. Our opinion is not modified with respect to this matter.

Other Matters

Management has omitted management's discussion and analysis information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2016, on our consideration of the City of Concord Joint Powers Financing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Concord Joint Powers Financing Authority's internal control over financial reporting and compliance.

**Reconciliation of Net Change in Fund Balances Total Governmental Funds
with Statement of Activities
For the Year Ended June 30, 2016**

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Position of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 459,281

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

LONG-TERM DEBT PAYMENTS

Repayment of bond principal is an expenditure in the Governmental Funds, but in the Statement of Net Position the repayment reduces long-term liabilities.

Repayment of debt principal (1,302,500)

ACCRUAL OF NON-CURRENT ITEMS

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in Governmental Funds (net change):

CITY OF CONCORD JOINT POWERS FINANCING AUTHORITY

Notes to the Basic Financial Statements June 30, 2016

NOTE 1 – DESCRIPTION OF REPORTY ENTITY

General Description – The City of Concord Joint Powers Financing Authority is a joint powers authority organized by the City of Concord and the former Concord Redevelopment Agency (Agency) under the laws of the State of California. The Authority was organized to provide financial assistance to the City by financing real and personal properties and improvements for the benefit of the residents of the City and surrounding areas. Administrative and related normal business expenses incurred in the day-to-day operations of the Authority are provided by the City. Such expenses are insignificant to the Authority's operations. The Authority obtains financing for City and the former Agency sponsored projects using leases signed by the City or former Agency as collateral. The amounts of the leases are calculated to provide sufficient resources to repay the debt incurred to finance the projects.

The Authority obtained financing for City and the Agency sponsored projects using leases signed by the City or Agency as collateral. The amounts of the leases were calculated to provide sufficient resources to repay the debt incurred to finance the projects.

The Authority is a component unit of the City of Concord, California (as defined by the Governmental Accounting Standards Board) and, as such, is included in the Comprehensive Annual Financial Report of the City. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Although a legally separate entity, it is reported on a blended basis as part of the primary government (the City of Concord) because the City Council sits as the Authority's governing board and otherwise meets the criteria set forth by generally accepted accounting principles because of the financial benefit/ burden relationship of their activities.

Projects

Pavilion Expansion – In 1995 the Authority issued \$18,700,000 original principal amounts of Lease Revenue Bonds, the proceeds of which were used to finance the refunding of the Concord Performing Arts Center Authority's 1973 Revenue Bonds and finance in part the renovation and expansion of the Pavilion at Concord. The Authority leases the Pavilion to the City under an agreement which provides the funds to service the Authority's Lease Revenue Bonds debt service requirements (see Note 5). Upon full payment of the outstanding Bonds, the Pavilion will become the property of the City.

Refunding Lease Agreement – In 2010 the Authority entered into a Refunding Lease Agreement in the principal amount of \$5,073,500. The proceeds from the Agreement were used to partially refund the Police Facility Lease Revenue Bonds and to refund certain other City obligations. The Authority leases the Corporation Yard to the City under an agreement which provides the funds from both the City and the Agency to service the Authority's Refunding Lease Agreement debt service requirements (see Note 5). Upon full payment of the outstanding Agreement, the Corporation Yard will become the property of the City.

2007 Wastewater System Improvements – In 2007 the Authority issued \$12,820,000 original principal amount of Certificates of Participation, the proceeds of which were used to finance the next phase of the wastewater system improvement project to install pipelines from the Concord pump station to the intersection of Meridian Park Boulevard and Galaxy Way. The Authority leases the improvements to the City under an agreement which provides the funds to service the Authority's Certificates of Participation debt service requirements (see Note 5). Upon full payment of the outstanding COPs, the improvements will become the property of the City.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. *Basis of Presentation*

The Authority's Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Government Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

These Standards require that the financial statements described below be presented.

Government-Wide Statements: The Statement of Net Position and the Statement of Activities include the financial activities of the overall Authority. Eliminations have been made to minimize the double counting of internal activities, if necessary.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Authority's activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid the recipients of goods or services offer by the programs and (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Authority's funds. Separate statements for each governmental fund are presented. The emphasis of fund financial statements is on major individual funds, each of which is displayed in a separate column.

B. *Basis of Accounting*

The Government-Wide Financial Statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time in which the liabilities are incurred, regardless of when the related cash flows take place, on these new Government-Wide Financial Statements.

Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measureable and available. The Authority considers all revenues reported in the Governmental Funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures to the extent they have matured. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

CITY OF CONCORD JOINT POWERS FINANCING AUTHORITY

**Notes to the Basic Financial Statements
June 30, 2016**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Major Funds

The Authority's major governmental type funds are identified and presented separately in the fund financial statements. The Authority reported all its Governmental Funds as major funds in the accompanying financial statements:

PAVILION EXPANSION DEBT SERVICE FUND

To account for the accumulation of revenue provided for payment of interest and principal on the Pavilion lease revenue bonds issued in 1995.

REFUNDING LEASE AGREEMENT DEBT SERVICE FUND

To account for the accumulation of lease revenue for payment of interest and principal on the Refunding Lease Agreement issues in 2010.

2007 WASTEWATER IMPROVEMENTS DEBT SERVICE FUND

To account for the expenditure of capital outlay financed with Wastewater System Improvements Certificates of Participation issued in 2007 and debt service thereon.

D. Net Investment in Leases and Unavailable Revenue reflects the present value of remaining future lease payments. Since lease payments are not available to fund current operations, the lease receivable has been offset by unavailable revenue. As lease revenues are received, both the lease receivable and unavailable revenue balances are reduced.

E. Deferred Outflows/ Inflows of Resources

In addition to assets, the Statements of Net Position may report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an expense/expenditure until then.

In addition to liabilities, the balance sheet of the governmental funds reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as revenue until that time.

F. Net Position and Fund Balance

Net Position is measured on the full accrual basis, while Fund Balance is measured on the modified accrual basis.

Net Position is the excess of all the Authority's assets over all its liabilities. The Authority's Net Position is divided into two captions. These captions are described on the next page.

CITY OF CONCORD JOINT POWERS FINANCING AUTHORITY

**Notes to the Basic Financial Statements
June 30, 2016**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. *Net Position and Fund Balance (Continued)*

Restricted Net Position describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, enabling legislation or other restrictions which the Authority cannot unilaterally alter. These principally include unspent bond proceeds and debt service requirements.

Unrestricted describes the portion of Net Position which are not restricted as to use.

The Authority's fund balances are classified in accordance with Governmental Accounting Standards Board Statement Number 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, which requires the Authority to classify its fund balances based on spending constraints imposed on the use of resources. For programs with multiple funding sources, the Authority prioritizes and expends funds in the following order: Restricted, Committed, Assigned, and Unassigned. Each category in the following hierarchy is ranked according to the degree of spending constraint.

All of the Authority's fund balance is classified as Restricted. Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which requires the resources to be used only for a specific purpose. Encumbrances and nonspendable amounts subject to restrictions are included along with spendable resources.

G. *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

H. *Fair Value Measurement*

As of July 1, 2015, the Authority retrospectively applied Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. GASB Statement No. 72 provides guidance for determining a fair value measurement for reporting purposes and applying fair value to certain investments and disclosures related to all fair value measurements. The Authority categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Authority is a participant in the City of Concord Treasurer's Pool (City Pool). The City Pool is an investment pool, is not rated and is not registered with the Securities Exchange Commission (SEC). The City of Concord's City Council conducts City Pool oversight. Cash and investments on deposit in the City Pool at June 30, 2016, is stated at fair value. The City Pool values participant shares on an amortized cost basis during the year and adjusts to fair value at year-end. For further information regarding the City Pool, refer to the City of Concord Comprehensive Annual Financial Report.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. *New Accounting Pronouncements*

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards which may have a significant impact on the Authority's financial reporting process. The Authority became subject to the following GASB Statements for the year ended June 30, 2016:

Effective in Current Fiscal Year

GASB Statement No. 72 – In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*. This statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This statement is effective for periods beginning after June 15, 2015. The Authority implemented this standard as of July 1, 2015.

GASB Statement No. 73 – In June 2015, GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*. The objective of this statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, *Accounting and Financial Reporting for Pensions*, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement No. 68. It also amends certain provisions of Statement No. 67, *Financial Reporting for Pension Plans* and Statement 68 for pension plans and pensions that are within their respective scopes. The requirements of this statement are effective for reporting periods beginning after June 15, 2015, except for the certain provisions, which are effective for reporting periods beginning after June 15, 2016. For the applicable provisions effective this year, the Authority has determined that this statement did not have a material effect on the financial statements.

GASB Statement No. 76 – In June 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of generally accepted accounting principles (GAAP). This statement is effective for periods beginning after June 15, 2015. The Authority implemented this standard as of July 1, 2015. The Authority has determined that this statement did not have a material effect on the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. New Accounting Pronouncements (Continued)

GASB Statement No. 79 – In December 2015, GASB issued Statement No. 79, *Certain External Investment Pools and Pool Participants*. This statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. The requirements of this statement are effective for reporting periods beginning after June 15, 2015, except for the certain provisions, which are effective for reporting periods beginning after December 15, 2015. For the applicable provisions effective this year, the Authority has determined that this statement did not have a material effect on the financial statements.

GASB Statement No. 82 – In March 2016, GASB issued Statement No. 82, *Pension Issues-An Amendment of GASB Statements No. 67, No. 68 and No. 73*. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice or financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The Authority implemented this standard as of July 1, 2014. The Authority has determined that this statement did not have a material effect on the financial statements

NOTE 3 – CASH AND INVESTMENTS

All of the Authority's investments at June 30, 2016, were held by trustees or fiscal agents. These funds have been invested only as permitted by specific State statutes governing their investment or applicable Authority resolution or bond indenture.

The Authority invests in individual investments and in investment pools. Individual investments are evidenced by specific identifiable pieces of paper called *securities instruments*, or by an electronic entry registering the owner in the records of the institution issuing the security, call the *book entry* system. In order to maximize security, the Authority employs the Trust Department of a bank as the custodian of all Authority managed investments, regardless of their form.

NOTE 3 – CASH AND INVESTMENTS (CONTINUED)

Investments Authorized by Debt Agreements

The Authority must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpected bond proceeds or are pledged reserves to be used if the City fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City resolutions, bond indentures or State statutes. The table below identifies the investment types that are authorized for investments held by fiscal agents along with certain provisions of these debt agreements:

Authorized Investment Type	Maximum Maturity	Maximum Credit Quality
Federal Agency Securities	5 years	Top rating category
State of California Local Agency Investment Fund	None	None
Commercial Paper	270 days	Top rating category
Negotiable Certificate of Deposits	180 days	Top rating category
Bank Deposits	None	FDIC insured
US Government Treasury Obligations	None	None
State/Local Obligations	None	Top rating category
Federal Securities	None	Top rating category
Corporate Notes	None	Top rating category
Money Market and Mutual Funds	1 year	Top rating category
Repurchase Agreements	None	Top rating category
Investment Agreements	None	Top rating category

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Usually, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. At June 30, 2016, the Authority's investments are as follows:

Investment Type	12 Months or less	Total
Money Market Mutual Funds	\$ 1,068,494	\$ 1,068,494
Total Investments	\$ 1,068,494	\$ 1,068,494

Money Market Mutual Funds are available for withdrawal on demand.

NOTE 3 – CASH AND INVESTMENTS (CONTINUED)

Fair Value Measurement

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of June 30, 2016, the Authority held \$528,897 in Union Bank money market funds and \$539,597 in Bank of New York money market funds, which is an uncategorized input not defined as a Level 1, Level 2, or Level 3.

The Authority adjusts the carrying value of its investments to reflect the fair value at each fiscal year-end, and it includes the effect of this adjustment in income for that fiscal year. At June 30, 2016, the fair value market value of investments approximates the Authority’s cost. The Authority’s policy is to hold investments to maturity.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The actual ratings as of June 30, 2016 for the Money Market Mutual Funds are AAAM as provided by Standard and Poor’s investment ratings service. At June 30, 2016, the Authority’s investments are as follows:

Investment Type	Total
Not Rated:	
Money Market Mutual Funds	\$ 1,068,494
 Total Investments	 \$ 1,068,494

NOTE 4 – NET INVESTMENT IN LEASES AND UNAVAILABLE REVENUE

The Authority’s net investment in the Pavilion Expansion, 2007 Wastewater Improvements and 2010 Refunding Lease Agreement leases at June 30, 2016 amounted to \$13,196,500 calculated as follows:

	Pavilion Expansion	Refunding Lease Agreement	2007 Wastewater Improvements	Total

B. Lease Revenue Bonds

On August 1, 1995, the City of Concord Joint Powers Financing Authority issued Lease Revenue Bonds in the principal amount of \$18,700,000, bearing interest at rates ranging from 6.33% to 8.24% due August 1, 2020. The Bonds are collateralized by revenue received from the City by the Authority under the Concord Pavilion lease agreement and by the Authority's interest in the site and facilities lease. Proceeds from the Bonds were used to repay the Concord Performing Arts Center Authority's 1973 Revenue Bonds, due in 1999, and partially finance the renovation and expansion of Concord Pavilion which is leased by the City from the Authority.

On September 21, 2009, the City issued a tender offer for the 1995 Performing Arts Lease Revenue Bonds for up to \$8.5 million. As a result the City purchased \$8.235 million of the bonds at an 8% premium and made a payment to retire that portion of the bonds. As a result of this transaction, the City has lowered its interest liability from 8.24% to bondholders to LAIF plus 0.5% interest to the Concord Housing Fund and the Sewer Enterprise Fund of the City. As of June 30, 2016, the principal balance outstanding was \$1,595,000.

Future principal and interest payments on the Lease Revenue Bonds are as follows for the years ended June 30, 2016:

Year	Principal	Interest
2017	\$ 375,000	\$ 115,978
2018	345,000	86,314
2019	315,000	59,122
2020	290,000	34,196
2021	270,000	11,124
Total	<u>\$ 1,595,000</u>	<u>\$ 306,734</u>

C. Refunding Lease Agreement

On June 24, 2010 the Authority entered into a Refunding Lease Agreement (Agreement) in the amount of \$5,073,500. The proceeds from the Agreement were used to retire a portion of the outstanding Police Facility Lease Revenue Bonds and to refund certain other City obligations. As part of the Agreement the Authority leases the Corporation Yard to the City which provides the funds to service the Authority’s debt service requirements for the Agreement. The Agreement bears interest at 3.6% and is due semi-annually on March 1 and September 1. Principal payments are due annually on September 1 until September 1, 2019. As of June 30, 2016, the principal balance outstanding was \$2,116,500.

Future principal and interest payments on the Refunding Lease Agreement are as follows for the years ended June 30, 2016:

Year	Principal	Interest
2017	\$ 501,500	\$ 67,167
2018	520,000	48,780
2019	537,000	29,754
2020	558,000	10,044
Total	<u>\$ 2,116,500</u>	<u>\$ 155,745</u>

D. Certificates of Participation

On October 18, 2007, the Authority issued Certificates of Participation (COPs) in the principal amount of \$12,820,000, bearing interest rates ranging from 3.75% to 4.50%. Proceeds from the COPs were used to fund the next phase of the wastewater system improvement project to install pipelines from the Concord pump station to the intersection of Meridian Park Boulevard and Galaxy Way. Principal is payable annually on February 1 and interest is payable semi-annually February 1 and August 1 through 2032.

Under related installment agreements, the City remits installments to the Authority which are used to repay debt service on the 2007 COPS. The City has pledged Wastewater System Net Revenues defined as gross revenues less operating and maintenance expenses, to be used to make required installments. The pledge of future Net Revenues ends upon repayment of the \$14,216,609 in remaining debt service on the COPS which is scheduled to occur in 2032. As disclosed in the originating offering documents, projected net revenues are expected to provide coverage over debt service of 3.40 over the life of the bonds. For fiscal year 2016, Wastewater System Revenues including operating revenues and non-operating interest earnings amounted to \$27,319,039 and maintenance and operating costs amounted to \$26,087,156. Payments made to the Central Contra Costa Sanitary District for the City of Concord’s share of district capital projects are treated as expenses in the Sewer Enterprise Fund since the related capital assets are not owned by the City. In recognition of the capital nature of these expenses, the covenants expressly exclude these payments from the calculation of maintenance and operating costs for coverage purposes. In fiscal year 2016 these costs totaled 3,671,894. Adjusted Net Revenues available for debt service amounted to \$4,903,777 which represented coverage of 17% over the 835,353 in debt service. As of June 30, 2016, the principal balance outstanding was \$9,485,000.

NOTE 6 – FUTURE ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards, any of which may have a significant impact on the Authority’s financial reporting process. Future new standards which may impact the Authority include the following:

GASB Statement No. 73 – In June 2015, GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*. Certain provisions of this statement are effective for periods beginning after June 15, 2016. The Authority has not determined the effect, if any, on the financial statements.

GASB Statement No. 74 – In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The objective of this statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This statement is effective for periods beginning after June 15, 2016. The Authority has not determined the effect, if any, on the financial statements.

GASB Statement No. 75 – In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This statement is effective for periods beginning after June 15, 2017. The Authority has not determined the effect, if any, on the financial statements.

NOTE 6 – FUTURE ACCOUNTING PRONOUNCEMENTS (CONTINUED)

GASB Statement No. 77 – In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. This statement requires governments that enter into tax abatement agreements to disclose certain information about the agreements. The requirements of this statement are effective for reporting periods beginning after December 15, 2015. The Authority has not determined the effect, if any, on the financial statements.

GASB Statement No. 78 – In December 2015, GASB issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. The objective of this statement is to address a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. The requirements of this statement are effective for reporting periods beginning after December 15, 2015. The Authority has not determined the effect, if any, on the financial statements.

GASB Statement No. 80 – In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units* – an amendment of GASB No. 14. The objective of this statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The requirements of this statement are effective for reporting periods beginning after June 15, 2016. The Authority has not determined the effect, if any, on the financial statements.

GASB Statement No. 81 – In March 2016, GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016. The Authority has not determined the effect, if any, on the financial statements.

OTHER REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of the City of Concord
Joint Powers Financing Authority
Concord, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Concord Joint Powers Financing Authority (Authority), a component unit of the City of Concord, California, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 19, 2016. Our report included an emphasis of matter paragraph regarding the Authority's adoption of Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, effective July 1, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
