Subject: RE: budget presentation

Hi Laura,

I made two presentations to Council this year on the City's unfunded liabilities and options to address them. The first was on [February 1](#) and included other unmet City needs (roads, parks and facilities and equipment replacement needs). The second was [June 28](#) (item 9.b.); this report and presentation provided options the Council could consider in paying down our unfunded personnel liabilities faster than currently scheduled.

Let me know if you have any additional questions.

Best regards,
Karan

Hello Karan,
Would you please share with me, or point me in the right direction of learning more about our unfunded pension liabilities and our current status?

Thank you.

Laura

Good day Laura,

Our recent budget meetings and documents are captured on our Budget and Fiscal Stability web page:
<https://www.cityofconcord.org/347/Budget-and-Fiscal-Stability>

The meetings and links are listed at the bottom of the page. The most recent presentation was June 28 but I think the March 8 was more comprehensive.

Please let me know if you have any additional questions or if this is not the information you are requesting.

Best regards,

Karan

Good afternoon Karan,

You recently gave a very good and comprehensive presentation to the council regarding the budget. Could you please tell me the date of that presentation so that I can re-watch the media?

Thanks in advance,

Laura Nakamura
